Notes:
• The professor or PSI administrator reviews the bids and required materials (if applicable) and selects a group of students. The class bidding system then applies the usual priority and seniority rules to the pool of selected students to generate the final assignments.
• Priorities can be used (and spent) on bids for “prof pick” seminars, practice simulations, DLAW externship, and PSI courses.
• During the Wolverine Access Drop/Add period, admission to a “prof pick” class is by permission of the professor or PSI administrator and not according to waitlist order.
• Students interested in a “prof pick” seminar or practice simulation (or DLAW externship) during the Drop/Add period (May 20 at 8 a.m. – September 11 at 11:59 p.m.) should add themselves to the waitlist in Wolverine Access and submit the required supplemental materials via email to the professor for their consideration.
• Students interested in a PSI course during the Drop/Add period (May 20 at 8 a.m. – September 11 at 11:59 p.m.) should contact problemsolving@umich.edu.
