Students must have financial holds removed by: Monday, April 25

IMPORTANT-- If a financial hold (a negative service indicator) exists on your student record when CBI-assigned classes are uploaded to Wolverine Access, your temporarily reserved law classes will “bounce out” and not load!
Meaning, you will have ZERO classes and will not be “officially” enrolled at the Law School or University!

► F16 Law School Drop/Add:
Students can drop/add upper class courses in Wolverine Access based on seat availability.
Seminars and practice/simulation courses with active waitlists require that you add your name to the waitlist before you can enroll; waitlisted students will be contacted as seats become available.
Begins Monday, May 23 at 8:00 AM
Ends Tuesday, September 6 at 5:00 PM

► F16 Law School Waitlist Drop/Add:
Once classes start for the term, seminar and practice/simulation course waitlists are checked daily, class “permissions” entered, and e-mails generated indicating an enrollment deadline. IMPORTANT-- Selected students will have a limited time-frame (sometimes less than 24 hours) in which to enroll themselves or lose their enrollment opportunity.
To the extent possible, some waitlist movement may occur earlier than the start of classes.
Begins Monday, August 29 at 8:00 AM
Ends Tuesday, September 6 at 5:00 PM
