Welcome to Pelican Bay State Prison (PBSP). The PBSP Visiting Information Telephone Number is (707) 465-1000, extension 5425. This phone number will allow you to reach Visiting staff for information or to schedule appointments. The information contained in this Visitor Information Pamphlet Supplement is to clarify issues and local procedures to ensure a pleasant visit.

If a visitor has obtained prior approval to visit an inmate when he was at another California Department of Corrections and Rehabilitation (CDCR) institution, visitation at PBSP is permissible. However, an updated Visiting Questionnaire Form (CDCR 106) will be requested at the time of the visitor's arrival at PBSP, if the last approved CDCR 106 is over two years old. An inmate will be allowed only one visit per day. A visitor is allowed only one visit per day, unless the visitor is the immediate family member (e.g., wife, children, siblings, parents, or grandparents, etc., as described in the California Code of Regulations, Title 15, Section 3000, Definitions) of multiple inmates, then they may be allowed up to three visits per day, per family member, as scheduling allows.

Contact Visits

Inmates housed in the General Population (GP) may receive contact visits.

Noncontact Visits

When GP inmates are on MODIFIED PROGRAM, and visits are behind glass, visits will be limited to one hour, and the three-person limit applies. Inmates housed in the Administrative Segregation Unit (ASU), ASU Stand Alone, Psychiatric Services Unit, or Security Housing Unit (SHU) may receive noncontact visits by appointment. Due to the limited number of noncontact visiting booths, a prescheduled appointment system is utilized.

Inmates housed in the Transitional Program Unit (TPU) are restricted to noncontact visiting, except for the third weekend of every month. During the third weekend of every month, Facility B will have contact visiting for TPU inmates only. No other inmates in Facility B will be allowed to visit during the TPU visiting weekend. Inmates housed on Facility A area are allowed contact visits every weekend of the month.

All inmates assigned to the Facility B are responsible for notifying their visitors of the TPU visiting program.

Visiting Hours for the SHU:

Visiting hours for the SHU are 8 a.m. – 3 p.m.

To schedule an appointment, please telephone at least 24 hours in advance, at (707) 465-1000, extension 5425, between 8 a.m. - 2 p.m., Monday through Friday, of the weekend you wish to visit.
It is recommended if you are traveling a considerable distance that you contact Visiting staff on Friday, prior to traveling, to confirm your appointment and ensure the visiting program has not been impacted by an unforeseen emergency, such as power outages, lockdown, etc.

**Visitor Questionnaire Process**

To ensure the inmate desires to visit the individual who has submitted the Visiting Questionnaire, it is the inmate’s responsibility to send family members and friends a signed Visiting Questionnaire. Once it is approved, the inmate will be notified. It is the inmate's responsibility to notify his prospective visitor.

Visitors that have not been pre-approved prior to arrival at PBSP will not be allowed to visit, as applications will not be processed while you wait. Visitors must update their CDCR 106 every two years, or **when change occurs in their name, address, telephone number, or arrest history**.

**Visitor Arrival**

Visitor(s) are not allowed on institutional grounds before 7:30 a.m. Visitors are required to park their vehicles in the PBSP Visitors’ Parking Lot located north of the GP Entrance Building. Posted speed limits and traffic control devices are to be obeyed. At no time will visitors loiter or wander on institutional grounds. Failure to remain in approved designated areas, obey traffic, or processing procedures may result in visiting privileges being temporarily suspended, pending an administrative review. All visitors are to immediately exit the institution grounds upon completion of visit.

For each minor, a certified (no copies) record of birth (official birth certificate, or county embossed abstract of birth) shall be presented during each visit.

After the visitor’s pass is recorded, the visitor will be called to the counter for processing. At that time, visitors will remove all items from their pockets and remove their jackets, belts, shoes, etc. These items will be placed onto the visiting trays and will then be inspected while the visitor passes through the metal detection device. Any visitor who fails to clear the metal detection device after three attempts will be required to change their clothing and may be requested to submit to a clothed and/or unclothed body search of their person prior to visiting.

Once a visitor has been processed through the metal detection device and into their respective visiting area, they will not be allowed to leave the visiting area to retrieve forgotten items and then return to resume their visit.
