

Alternative Student Loan FAQ's

Why should I consider applying for an Alternative Student Loan?

Alternative student loans are intended to be used to fill the gap between your resources, awarded financial aid, and your annual cost of attendance. If all these sources are not sufficient to finance your education, an alternative loan may be a good option for you.

How much am I eligible to borrow?

The maximum you can borrow is your cost of attendance, minus all sources of financial aid received. However, we recommend borrowing as little as you need. If you have any questions determining your eligibility, the Financial Aid Office can assist you.

Where can I find up-to-date interest rate information?

Grad PLUS loans have a fixed interest rate, while most private loans have a variable interest rate that is usually tied to LIBOR or prime rate. The following website offers information about LIBOR and prime which can be helpful when trying to determine potential interest rates for private loans: http://www.finaid.org/loans/prime_libor.phtml. Private lenders will not provide an interest rate offer until after you have applied for the loan. Further information about private loans is available at: www.finaid.org/loans/privateloan.phtml.

How can I determine which loan is best for me?

If you are interested in public service, government, or modest paying work, you should consider Grad PLUS loans. Grad PLUS are eligible for a variety of loan repayment assistance programs, including Income Based Repayment (IBR), Loan Forgiveness for Public Service Employees, and the Law School's Income-Based Debt Management Program (LRAP). Private loans are not eligible for these programs, and offer very little flexibility during repayment. The following website allows you to compute the various terms set by each lender using their listed interest rates, fees, and repayment periods: www.finaid.org/calculators/loananalyzer.phtml.

I have chosen a lender and know how much I want to borrow, what do I do now?

If you would like to borrow a Grad PLUS loan, please be sure to complete the school's [Grad PLUS loan application](#), and **not** the one on the StudentLoans.gov website. If you have chosen a private loan, most lenders offer an online application process.

I have completed the loan application and have been approved. When will I receive the funds?

Loans typically have multiple disbursements (a percentage released each semester). If your loan application is submitted at least one month prior to the beginning of classes, your first disbursement should be available by the first day of classes. Otherwise, it is a good rule of thumb that the total processing time is either 2-3 weeks for a Grad PLUS loan, or 3-4 weeks for a private loan.

How can I obtain a copy of my credit report?

Experian:	1-888-397-3742
