Currentness

(1) Definitions.

(a) For the purpose of this rule, the Institutional Classification Team (ICT) -- the ICT is the team consisting of the warden, assistant warden, classification supervisor, chief of security, and other members as necessary when appointed by the warden or designated by rule. The ICT is responsible for making inmate status decisions and for making other classification recommendations to the State Classification Office (SCO), Regional Director, and Warden. At private facilities, the Department of Corrections representative is to be considered a fourth member of the ICT when reviewing all job/program assignment, transfer, and custody recommendations/decisions. If a majority decision by the ICT is not possible, the decision of the Department of Corrections representative is final.

(b) Maximum Management -- refers to a temporary status for an inmate who, through a recent incident or series of recent incidents, has been identified as being an extreme security risk to the Department and requires an immediate level of control beyond that available in confinement, **close management**, or death row. The Secretary has designated Florida State Prison (FSP) as the only institution authorized to house maximum management inmates, based upon the needs of the Department.

(2) Maximum Management Placement Criteria. An inmate shall have, at a minimum, met the criteria for placement in **Close Management** I or death row and participated in a recent incident or series of recent incidents in which the inmate has:

(a) Escaped from or attempted to escape from a secure perimeter;

(3) Initial Placement in Maximum Management Housing.

(a) An inmate may only be referred for initial placement in maximum management housing at Florida State Prison. If an inmate located at any other facility commits an offense that appears to meet the criteria for maximum management placement outlined in subsection (2) of this rule, the institutional classification officer, senior classification officer, classification supervisor, or ICT at the facility shall enter into the Offender Based Information System (OBIS) a Pending **Close Management** Evaluation transfer request to FSP if the inmate is not already in **close management**. If the inmate is already in **close management** or death row, the institutional classification officer, senior classification officer, classification supervisor, or ICT of the facility shall enter into OBIS a request for the type of transfer to FSP that reflects the inmate's current CM level or death row status. The Warden or Regional Director is required to send an e-mail to Central Office requesting transfer approval and the immediate scheduling of a direct transport to FSP indicating the inmate's current status and including the request for maximum management placement. A description of the inmate's behavior that warrants review for maximum management placement must be included.

(b) Whenever an inmate housed at FSP or an inmate transferred to FSP pursuant to paragraph (3)(a) has met at least one of the conditions listed in paragraph (2)(a), the Shift Supervisor shall place the inmate in maximum management housing. Immediately after placement, the Shift Supervisor at FSP shall enter in OBIS a referral for maximum management detailing the information and circumstances requiring maximum management placement.

(c) Within 24 hours after an inmate is placed in maximum management housing, the Warden or Duty Warden shall review the Shift Supervisor's referral for maximum management and document a decision, based on the criteria set forth in subsection (2), as to whether the inmate's conduct was severe enough to warrant placement in maximum management housing pending completion of the hearing process in subsection (4). If the Warden or Duty warden determines that it is unnecessary to keep the inmate in maximum management housing pending completion of the hearing process, the inmate shall be placed in administrative confinement and the procedure for placement in **close management** outlined in [Rule 33-601.800, F.A.C.](#), shall be followed if the inmate is not already in **close management**. If the inmate was already in **close management** or death row status, the inmate shall be returned to that status. If the behavior for which the inmate was referred for maximum management behavior warrants consideration of an upward modification of his **close**

management level, that action shall take place after his return to **close management** in accordance with [Rule 33-601.800, F.A.C.](#) If the Warden or Duty Warden determines that maximum management placement is appropriate, the inmate will immediately be given a written notice including the reason for the placement referral and informing the inmate that a hearing to review the placement will be held no sooner than 24 hours from the delivery of the notice. The inmate may waive the 24 hour waiting period or his or her appearance at the hearing by signing the 24 Hour/Refusal to Appear Waiver, Form DC6-104.
