# Tips for being successful while incarcerated:

- Be involved in the development of your TAP. These are your goals for your life.
   If you are struggling with a goal, talk to your case manager about the support you need to reach the goal.
- Obtain personal identification from home.
  Have your family send your social security
  card, driver's license and birth cartificate
  to the Records office and notify your
  case manager. This will help with
  employment and eligibility for programming
  and services as you plan for your release.
- Follow the rules of the Institution. Bad conduct does make a difference and will negatively affect your program opportunities and may affect your release date.
- Rebuild and/or maintain positive family relationships. Family can assist you with many aspects of incarceration and your future success including, a home plan, employment, transportation and overall stability.
- Take care of pending cases, fines and court costs. You don't want warrants and fines hanging over your head.
- If you have a substance abuse problem, DO SOMETHING ABOUT IT! Be honest with yourself and seek assistance. Talk to your case manger about available programs.
- Learn how to work hard and do a good job. Make sure you are on time and at work every day.
- If you need more education or a vocational skill, talk to your case manager about available opportunities.
- Strive to complete any educational course you start while incarcerated. It is easier to attend classes and study while incarcerated than to juggle work and school in the community.
- 10. Strive to gain skills while incarcarated that may help you with employment after release. Take advantage of employment programs/ classes and practice the skills that you learn at your institutional job assignment.
- 11. A positive attitude is key to success in life.

#### TRANSITION ACCOUNTABILITY PLAN

The Transition Accountability Plan, also called the TAP, is a tool used for offender management and will provide a plan and direction for your success during and after incarceration.

Your case manager will assist you in developing an individualized plan, the TAP. The plan will require your involvement along with other members of your Case Management Team. The team may vary depending on your plan but will generally include your case manager, classification staff, parole officer, treatment staff, teachers, work supervisor, family, outside agencies, and your support system. You and your case management team will identify and outline your strengths and weaknesses (assets and liabilities) in the TAP. Together with your case manager, you will set goals and identify actions necessary for your success.

You will enter the Transitional Phase when you are within six months of release. This may include placement in a Transitional Housing Unit (THU). You and your case management team will make plans for your successful transition to the community. You will work with your case manager who will assist in linking you with community resources that will assist you in areas such as employment, housing, family, transportation, education.

Note: For <u>all</u> guideline matrices, the maximum guideline term for offenders with a poor risk (66%/CR) is 66% of sentence for sentences of less than 10 years and the conditional release date for sentences of 10 to 30 years.

This booklet reflects current policies and procedures of the Board of Probation and Parole relating to the parole hearing schedule, the salient factor score and the guideline matrices. The previous booklet of a similar nature issued in August 2005 is obsolete.

# Tips for being successful while incarcerated:

 Be involved in the development of your TAP. These are your goals for your life.
 If you are struggling with a goal, talk to your case manager about the support you need to reach the goal.

 Obtain personal identification from home. Have your family send your social security card, driver's license and birth certificate to the Records office and notify your case manager. This will help with employment and eligibility for programming and services as you plan for your release.

 Follow the rules of the institution. Bad conduct does make a difference and will negatively affect your program opportunities and may affect your release date.

 Rebuild and/or maintain positive family relationships. Family can assist you with many aspects of incarceration and your future success including, a home plan, employment, transportation and overall stability.

 Take care of pending cases, fines and court costs. You don't want warrants and fines hanging over your head.

 If you have a substance abuse problem, DO SOMETHING ABOUT IT! Be honest with yourself and seek assistance. Talk to your case manger about available programs.

 Learn how to work hard and do a good job. Make sure you are on time and at work every day.

 If you need more education or a vocational skill, talk to your case manager about available opportunities.

 Strive to complete any educational course you start while incarcerated. It is easier to attend classes and study while incarcerated than to juggle work and school in the community.

10. Strive to gain skills while incarcerated that may help you with employment after release. Take advantage of employment programs/ classes and practice the skills that you learn at your institutional job assignment.

11. A positive attitude is key to success in life.

#### TRANSITION ACCOUNTABILITY PLAN

The Transition Accountability Plan, also called the TAP, is a tool used for offender management and will provide a plan and direction for your success during and after incarceration.

Your case manager will assist you in developing an individualized plan, the TAP. The plan will require your involvement along with other members of your Case Management Team. The team may vary depending on your plan but will generally include your case manager, classification staff, parole officer, treatment staff, teachers, work supervisor, family, outside agencies, and your support system. You and your case management team will identify and outline your strengths and weaknesses (assets and liabilities) in the TAP. Together with your case manager, you will set goals and Identify actions necessary for your success.

You will enter the Transitional Phase when you are within six months of release. This may include placement in a Transitional Housing Unit (THU). You and your case management team will make plans for your successful transition to the community. You will work with your case manager who will assist in linking you with community resources that will assist you in areas such as employment, housing, family, transportation, education.

# CONSEQUENCES

For the
Offender That
Sexually Abuses,
Assaults or Harasses
Other Inmates...

An investigation will be made into each allegation of sexual abuse and harassment. It is important to remember that sexual abuse does not have to be a violent act. If the victim feels they would be physically harmed if they refuse, that is sexual abuse. If you are found guilty of sexual abuse, you will be issued a disciplinary report and the sanctions will be harsh. The Department of Corrections will also seek prosecution for perpetrators of sexual abuse. In addition to facing additional time to serve, you will also face life-long reporting requirements as a sexual offender in accordance with Missouri law.

If you have trouble controlling your actions seek help from mental health staff. Consider participating in programs designed to control anger or reduce stress.

It is also important that offenders do not make false, misleading or unfounded reports in bad faith. There may be serious disciplinary consequences for doing so.

The Missouri
Department of Corrections
has zero tolerance for
sexual abuse or harassment.

# DEFINITIONS OF SEXUAL ABUSE & HARASSMENT

Sexually abusive or sexually harassing acts can be committed by another offender, staff, contracted employee or volunteer. The Missouri Department of Corrections has zero tolerance for any type of sexual abuse or harassment.

Sexual Abuse is defined as any type of unwanted physical sexual contact. This includes contact or penetration of the anus or vulva with the penis, finger, mouth or other object.

Sexual Abuse includes unwanted sexual touching of the genitals, breasts, inner thigh or buttocks, groin or anus, either directly or through clothing.

Sexual Abuse occurs when the victim does not consent, is coerced into a sexual act by overt or implied threats of violence, or when the victim is unable to consent or refuse.

Staff Sexual Abuse also includes any instances of voyeurism, when it is proven there is intent to abuse, arouse or gratify sexual desire, or if an employee displays uncovered genitalia, buttocks or breasts in the presence of an offender.

Staff Sexual Harassment includes repeated and unwelcomed sexual advances, requests for sexual favors or verbal comments, or any gestures or actions of a derogatory or offensive sexual nature. It is also considered sexual harassment if staff make demeaning references to gender, make sexually suggestive or derogatory comments about an offender's body or clothing, or make obscene comments or gestures.

OFFENDER SEXUAL

ABUSE & AN ANSAR NA SPEAK UP

This publication is sponsored by the Missouri Department of Corrections

You can take steps to avoid sexual abuse by following these safety tips:

Be aware of situations that make you feel uncomfortable. Trust your instincts. If it feels wrong, LEAVE.

Walk and stand with confidence. Many abusers choose victims who look like they won't stand up for themselves. Don't be afraid to say "NO!" or "STOP IT NOW!"

Do not accept canteen items or favors from anyone. Placing yourself in debt to another offender can lead to the belief or expectation that you will repay the debt with sexual favors.

Do not accept an offer from another offender for protection.

Avoid casual nudity and talking about sex. These things may cause another offender to believe you are interested in a sexual relationship.

Avoid secluded areas. Position yourself in plain view of staff members.

Do not trust others too easily. Make wise choices when associating with others. Making friends with the wrong group of people can make you a target automatically.

Most importantly, if you are being pressured for sex, report it to a staff member immediately.

Finally, if you notice another individual being pressured for sex, or involved in a sexual relationship with another offender or staff, report it immediately. REPORTING

If you have been sexually abused:

Get to a safe place and report the abuse to a staff member immediately. The longer you wait to report the abuse, the more difficult it is to obtain evidence for investigation. You have a personal responsibility to report abuse of others too, even if you do so anonymously.

Do not shower, brush your teeth, use the restroom or change your clothes. Doing so may destroy valuable evidence to prosecute the perpetrator.

There are several ways in which to report abuse:

Report the abuse to any staff member either verbally or in writing as soon as possible, whether the alleged incident involved you or not.

② Call the department's confidential PREA hotline. You can do so at any offender phone by listening to the prompts and pressing '8' or dialing (573) 526-PREA (7732).

Write to the Missouri Department of Public Safety, Crime Victims Services Unit, P.O. Box 749, Jefferson City, MO 65012.

1 10 mm

If you are assigned to a community release center or community supervision center, you may report sexual abuse using the above guidelines or calling the PREA hotline at (855) 773-6391.

well dikasar

As a victim of sexual abuse, you have certain rights, including the right to be free from retaliation and harassment.

You will be separated from the alleged abuser immediately.

When necessary, medical personnel will be notified and you will receive a physical exam. You will be assessed for injuries or exposure to sexually transmitted diseases. Any evidence collected will be sent to a crime lab.

You will be referred to a mental health professional for assessment and ongoing treatment, as necessary.

If requested, a victim advocate will be provided for you or you may contact an advocacy organization. The contact information is available in the institutional library.

Your allegation of sexual abuse will be investigated and if possible, the abuser will be disciplined and referred for prosecution. It is important you work with the investigator.

Later on, you may wish to seek the support of a trusted friend, family member or staff member, such as the chaplain or mental health staff. The days ahead can be traumatic and it helps to have support.

You have the right to know the outcome of the investigation.

You have the right to be notified of court proceedings and to provide an impact statement for the court and parole hearings, in the event of conviction.

#### MEMORANDUM

DATE:

November 28, 2012

TO:

Female Offenders

FROM:

Ellis McSwain Jr./ Chairman

SUBJECT:

Substance Abuse Assessment Board Controlled Offenders

Effective October 15, 2012, the Department of Corrections began a new process for referring female offenders to institutional substance abuse services. Treatment needs for Board supervised offenders are now based on a clinical assessment provided by qualified substance abuse staff. The results of this individual assessment will determine if you are referred to institutional treatment and which program is most suitable for your needs. Your assistance with the assessment process, program placement and program completion should impact your release as well as your recovery.

For newly arriving offenders, the screening for the assessment process, in most cases, will be initiated after the diagnostic process has been completed. Offenders who were incarcerated before this process was implemented will be screened during the pre-hearing interview process. In both instances, your Institutional Parole Officer will conduct a screening and refer eligible offenders to qualified substance abuse professionals for an assessment at your assigned location.

One of the benefits of this process is you will be matched with the level of treatment that will best serve your needs and give you an opportunity for success. Additionally, you will have the opportunity to participate, and in some cases, be close to program completion at the time of your parole hearings. It is possible some offenders will be released earlier than they might have in the past. Offenders enrolled in treatment at the time of their parole hearing will have an opportunity to explain the positive progress they are making in recovery.

Offenders who chose not to participate will find this could impact subsequent release decisions.

Offenders who refuse, withdraw from, or are negatively terminated from any type of institutional substance abuse treatment will be required to wait a minimum of one year before being re-considered for enrollment into an institutional treatment program.

This new process has been put in place to enhance the opportunity for eligible female offenders to successfully complete the level of treatment suited to their substance abuse needs. It is important to remember however, to achieve success in recovery and reentry to the community each woman with substance abuse problems will have to continuously use the tools she learns in treatment. She will have to commit herself to an on-going and structured plan which should include abstinence, peer support groups such as 12 step groups and participation in community care services.

You are encouraged to fully participate in the treatment program to which you are referred. The Parole Board looks forward to hearing of your progress.

#### BEAUTY FOR ASHES REENTRY

Are you tired of coming to prison? Do you want to do all that you can to prevent your return once you get out? Do you want to deal with the negative traits inside you that frustrate your attempts to be successful at life, work, marriage, parenting, finances, and freedom from prison? Would you like to do this from a spiritual, Christ-centered approach?

Beauty for Ashes ReEntry (BFA ReEntry) is an intensive, voluntary, 18-month, values-based, Christ-centered program that promotes inner change and a life transformation. We teach change from a bible-based counseling point of view. We are a division of Beauty for Ashes Ministry (BFAM), which was founded Gina Hama, a former inmate of WERDCC. After completing the 120 drug treatment program, Gina continued to struggle with her addictions for eight years. She knew she was called into prison ministry but was trapped by the stronghold of her addiction. Once she discovered how to apply Christ centered principals to her life and to her past, she found freedom from her addiction and experienced a true life transformation. Since that time, she has been on a mission to bring these principals to prisons everywhere. Neither BFA ReEntry nor DOC receives any money for your involvement in the program. We operate totally on donations from people who support our cause.

What is inner change? A process that focuses on replacing thoughts & behaviors that lead to issues like addiction, anger, hust, impulsiveness, shame, guilt, greed, pride, rebelliousness, and lack of self-control with positive, bible-based ways of thinking and living. In short, our aim is help you change the negative traits inside you that lead to life problems.

#### BFA ReEntry Classes: (18 months long)

- First 12 months= About 20 hours a week, Monday-Friday & work a part-time DOC job (if available).
- Next 6 months= About 12 hours a week plus a full time DOC job.

Class focus is on applying bible-based principles towards inner transformation & plus computer skills.

#### Community Life:

In addition to classes, BFA ReEntry is also about community life. All BFA ReEntry members live in Housing Unit 8C together, and work towards creating a community culture based on BFA ReEntry values instead of prison or street values. In this community, BFA ReEntry members share in one another's struggles, they pray for one another, they praise and encourage one another, and they also hold each other accountable to the values of the community. BFA ReEntry life helps its members establish discipline and structure in their lives — traits we all need to succeed in our responsibilities as productive women, employees, citizens — including healthy relationships. BFA ReEntry members are women just like you. They aren't perfect or holy, just people trying to better themselves.

(The following resources are only available as a benefit to BFA ReEntry members who have completed at least 12 months of the program:)

#### Who are we looking for?

- Minimum of 14 months left of incarceration.
- Women committed to change, and ready to work on bettering themselves.
- Don't need to be a Christian, or become one, as long as you're accepting that is where our focus is at
- Willing to put your TV in storage for 18 months to focus on homework and study.

If you are interested in learning more about BFA ReEntry, and to see if the program is a good fit with your goals, please contact (in writing) Lana Black, Assistant Program Manager, BFA ReEntry, HU #8C.

THE C.N.A. CLASS IS THE <u>ONLY</u> CLASS THAT IS AVAILABLE FOR <u>LONG TERM TREATMENT</u> OFFENDERS—THAT ARE IN <u>PHASE 3</u> OF YOUR TREATMENT PROGRAM. YOU MUST HAVE THE APPROVAL OF YOUR GATEWAY COUNSELOR AND YOUR CASEWORKER. NO OTHER TREATMENT OFFENDERS CAN TAKE VOCATIONAL CLASSES—(LIKE SHORT TERM OR 120 DAY)

If you are here for 120-days and are assigned to <u>GENERAL POPULATION</u> you can apply for any of the classes except Cosmetology — if you meet the requirements. If we have an available seat, we will get you started as soon as possible.

#### QUESTION: How do I sign up for a class?

Once you are assigned to GENERAL POPULATION — go see your caseworker if you are interested in any of these classes and request a VOCATIONAL EDUCATION PROGRAM APPLICATION.

You fill out the top portion, the caseworker fills out the middle and then they send it to the Vocational Office. The Vocational Supervisor will determine if the application is approved or denied. You and your caseworker will be notified of the decision. If approved – your name is placed on a waiting list according to your release date.

If you are interested in taking one of these classes — go see your caseworker as soon as you are eligible. Do not wait until you are about to go home — we may not have an available seat at that time.

IF YOU HAVE ANY QUESTIONS ABOUT ANY OF THIS INFORMATION — JUST WRITE TO THE VO-TECH OFFICE AND YOUR QUESTIONS WILL BE ANSWERED.

#### CCC - Vocational Class Information

#### PREVENTION TIPS

#### Keep Skin Healthy

Staph is less likely to cause infections if skin is free of cuts, scratches, or abrasions.

Help keep your skin healthy by:

 wearing gardening gloves when working in the yard or sports gloves when using gym equipment.

- using a towel or clothing to act as a barrier between exercise equipment and bare skin when visiting gyms or health clubs.
- wearing clothing with long sleeves and long pants to protect skin during activities likely to cause skin damage.
- covering cuts and open sores with bandages.
- moisturizing routinely with lotions or other moisturizers to keep skin from cracking.

#### PREVENTION TIPS (con't)

#### Keep Hands and Skin Clean

Wash your hands often.

Use alcohol hand sanitizer as an easy way to wash hands when soap and water are not available.

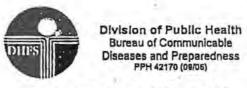

Do not visit gyms or health clubs if skin lesions cannot be covered or wound drainage cannot be contained.

Shower as soon as possible after exercise or athletic activities.

Do not share items such as razors, lowels, or clothing.

Clean surfaces of exercise and sports equipment before and after use. Ask your gym to provide cleaning supplies near equipment for easy use.

Wash clothing and linens in hot water and detergent and dry in a hot dryer before they are used by others.

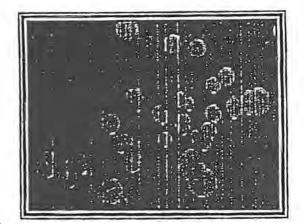

# Community Associated

Methicillin Resistant Staphylococcus aureus (CA-MRSA)

# Patient Information Prevention Tips

#### What is Staph?

Staph is the common word used for Staphylococcus aureus, a bacterium found on the skin or in the nose. Most people carry "staph" on their skin without signs or symptoms of infection, but if it gets into cuts or abrasions of the skin, it may cause skin or soft tissue infections. Staph occasionally causes more serious infections that require hospitalization.

MRSA (methicillin resistant Staphylococcus aureus) is a type of staph that is resistant to many antibiotics. People in hospitals and nursing homes are at the highest risk of infection with MRSA, however a new form of MRSA called community-associated MRSA (CA-MRSA) is becoming common in the general population. Anyone can get this infection, but factors that appear to increase the chances include close skin-toskin contact, cuts or abrasions of the skin. and contact with shared exercise equipment. Examples of persons at highest risk are football players, wrestlers, users of health clubs, military recruits, and children under age two.

CA-MRSA skin infections usually appear as pimples, boils, or abscesses and may be mistaken for "spider bites." Most of these infections can be cured without the need for antibiotics. More serious infections may need antibiotic treatment. Your doctor is able to decide the best treatment for you.

#### If you have a CA-MRSA infection...

Follow instructions from your doctor.

Contact your doctor if your symptoms become worse or do not get better within a few days.

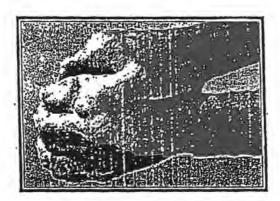

# Help prevent the spread of infection to others

Wash hands often with soap and water, rubbing for at least 15 seconds before rinsing. Wash before close contact with others or after touching infected areas, used bandages, or infected body fluids. Alcohol hand sanitizers may be used if hands are not visibly dirty.

Tell others to wash their hands after close contact with you, after cleaning wounds, or after contact with used bandages or infected body fluids.

Persons caring for you should consider wearing clean, disposable gloves while cleaning wounds. Wash hands after throwing away the gloves.

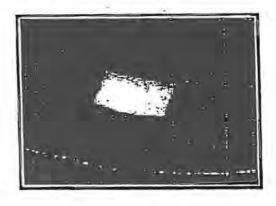

#### Wash Hands Often

Cover wounds with clean dry dressings or bandages. If drainage cannot be contained with dressings, use disposable or cloth pads to keep nearby items and surfaces clean.

Seal heavily soiled bandages and dressings in a plastic bag before throwing into the regular trash.

Clean and disinfect contaminated surfaces with a household disinfectant such as Lysok® or bleach solution (1-cup bleach plus 9-cups water). Examples are kitchen and bathroom countertops, toilets doorknobs, or other areas touched by an infected person's hands or skin.

Keep Wounds Covered

Rersons with skin infections or wounds with drainage that cannot be contained by bandages or dressings should stay home from work, school, or daycare until the drainage can be contained. If you have questions, contact your local health department before going to work or sending children to school or daycare.

ATTENTION **BRAS GO IN YOUR** PILLOWCASE THEN TIE IT IN A KNOT - PUT PILLOWCASE (WITH BRA INSIDE) INTO MESH BAG ALONG WITH OTHER PERSONAL ITEMS. SOCKS, UNDERWEAR, WASHCLOTH

DO NOT BELONG IN MESH BAGS:

TOWELS, GRAYS, TANS, SHEETS, OR CONTAMINATED CLOTHING

#### LAUNDRY PROCEDURES

R&O assigned laundry days are Mondays and Thursdays.

Schedules are posted on blue carts including blanket days, Holiday revisions, and procedures for mesh bags.

Personal mesh bags may only contain bras (inside of pillowcase) pillow cases, socks, underwear and wash cloths.

All other state issued clothing is to be placed in the blue laundry carts. IE: towels, sheets, state pants, state shirts, jumpsuits, shorts and gowns. Blankets are done a schedule on blanket day; all blankets will be sent to laundry to be cleaned on their scheduled day.

If anything becomes contaminated (contaminated is any body fluids, blood, feces, vomit, and urine). Any items contaminated should be placed in a water soluble bag (get one from the officer), then place in a clear plastic trash bag with IOC stating your name, number and what house you live on a long with what it is contaminated with. Then place in blue laundry cart.

If your mesh bag or water soluble bags are not done correctly they will be sent back to be done right. They will not be laundered until you next laundry day.

You will be given a warning for the first time, the second time a Conduct Violation will be issued to you.

This is for all of our benefit to help control the spread of contaminates and disease.

## **CONTAMINATED LAUNDRY**

The Following is steps on, how to: properly handle **CONTAMINATE LAUNDRY with BODY FLUIDS.** 

If possible the Offender, that the contaminated laundry belongs to, should put the items into a WATER SOLUBLE BAG (get from rotunda) then place in a clear trash bag. Have a I.O.C. Attached to the outside of the clear trash bag, listing the items inside the water soluble bag, the owner of these items and where the items came from. After this has been done then the bag can be sent to Laundry.

It is very important that these steps are followed to prevent Staff as well as other Offenders coming into contact with these items. Laundry will not re-bag these items but will send them back to you to be done correctly. It is time consuming as well as UNSAFE. Take time to insure this procedure is done right the first time

Thank you very much for your cooperation with this very important matter.

Larry E. Fielder Safety Manager

# Facts Related to Sexual Assault

- \* Anyone, male or female can be sexually assaulted.
- \* A rapist can be a male or female.

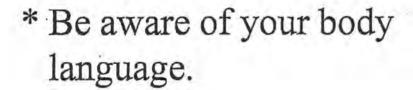

\* Age or physical attractiveness is not a factor.

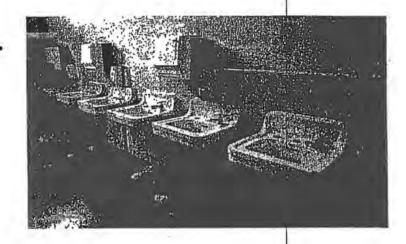

### Things to Remember!

- \* The victim of an assault is a "Victim" and is not at fault.
- \* Sexual assault is a crime of violence and has nothing whatsoever to do with lust or passion.
- \* In 2002 there were 247,730 victims of rape.
- \* Seven out of every eight rape victims were females.
- \* In 2001 only 39% of rapes and sexual assaults were reported to law enforcement officials. This represents only 1/3 of the actual cases that were reported.

### **Avoiding Sexual Assault**

- \* Avoid isolated areas such as closets, stairwells, isolated and unoccupied restrooms, etc.
- \* Stay within eyesight of correctional staff whenever possible.

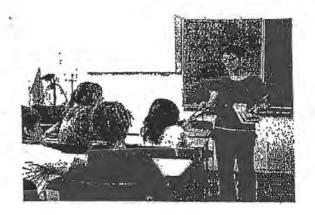

# Female Inmates Can and Do Sexually Assault One Another!

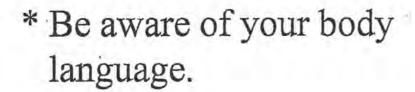

\* That is the very reason for this training.

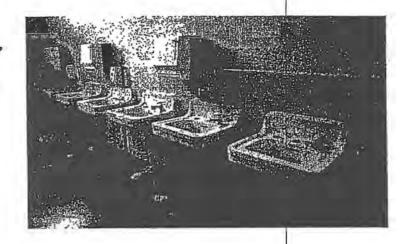

Female inmates have reported that physical force may be used, but more often the assaulter uses intimidation and emotional abuse to coerce another inmate into a sexual relationship.

## Avoiding Sexual Assault

- \* Avoid isolated areas such as closets, stairwells, isolated and unoccupied restrooms, etc.
- \* Stay within eyesight of correctional staff whenever possible.

### Danger Zones!

\* Be sure that you do not hang out in secluded areas such as stairwells, restrooms, closets, etc. You are inviting unwanted sexual advances by doing so.

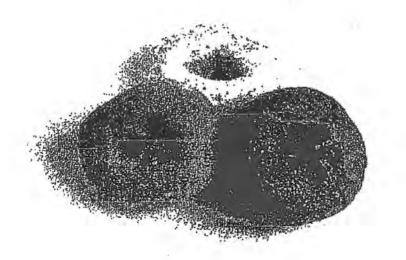

### Inappropriate Relationships

Be able to recognize and avoid:

Sexual advances from other inmates. Avoid conversations with other inmates about your sexual experiences, your financial status, and your emotions. Such conversations may be misinterpreted by another inmate to mean that you have an interest in developing a sexual relationship with them.

### Beware of Paying for Protection!

Beware of inmates that offer say they will protect you. Do not give out information about your family, friends or especially your financial support system. Do not purchase large amounts of commissary or give the impression of having money available to you.

## Report to any Staff Member

Every staff member is required to report any and all alleged sexual assaults to the proper authorities. Go to the staff member that you feel most comfortable reporting this to.

## Risk of Contracting STD

\* Know that any sexual contact significantly increases your risk of contracting a sexually transmitted disease, ranging from genital herpes to HIV and AIDS.

\* Remember that your actions will have severe consequences.

### Sexual Assault is a Crime

\* All reported sexual assaults will be reported to the MDOC. Each case will also be investigated by your institution's administrative staff to ensure that the person is punished for the crime committed against you.

## When you report the assault

- \* You will be medically checked.
- \* If the assault has occurred recently, you will be transported to a hospital.

\* You will be examined for injuries and evidence may be collected.

All questions on the attached Visiting Application MUST be completed in order for you to be considered for approval to visit.

Also, if you are currently under parole or probation supervision, you should contact your P&P Officer and ask for a letter giving permission for you to visit. Only immediate family members may visit if they are on probation or parole (significant others may NOT visit). The letter should be written on official letterhead and mailed directly to WERDCC by the P&P officer. Their Visiting Application will be DENIED without this letter.

### STATE OF MISSOURI DEPARTMENT OF CORRECTIONS WOMEN'S EASTERN RECEPTION, DIAGNOSTIC AND CORRECTIONAL CENTER 1101 East Highway 54, Vandalia, MO 63382

FIRST LETTER HOME

OFFENDER NAME:

DOC NUMBER:

#### WELCOME

Incarceration is often a difficult time for offenders, their families and friends. There are usually many questions about the rules and regulations governing the operation of the Department of Corrections that relatives and friends want answered. This brief correspondence will provide you with general information about the policies, procedures and practices at **WOMEN'S EASTERN RECEPTION, DIAGNOSTIC AND CORRECTIONAL CENTER, (WERDCC)**; however, there are other resources also available to you as well.

It is recommended that family members and friends become familiar with the Department of Corrections website at <a href="https://www.doc.mo.gov">www.doc.mo.gov</a>, which will provide you with information about the department's administration, facilities, and guidelines. You can also view the *For Family and Friends* handbook and view and subscribe to the *Inside Out Newsletter* at that site. These resources will provide many answers to your questions.

#### DIAGNOSTIC PROCESSING

During the initial admission process at the department's diagnostic centers, much information is gathered to ensure proper classification and accuracy of file materials.

When an offender arrives at the facility, personal property is inventoried and the offender may either mail unauthorized items home at their expense, send it out with a visitor, or may opt to donate the items to charity. No changes can be made regarding the offender's decision of property disposal and all property must be disposed of within 30 days.

The offender is processed and provided initial hygiene supplies, clothing and bedding. Information regarding personal description, emergency notification, religious affiliation, identification of potential enemies within the Department, medical and mental health history and immediate health care concerns are identified and documented. Each offender attends an orientation program that explains the facility's rules and expectations. During this program, they also receive a rulebook, deposit slips, paper, envelopes, a pencil, and guidelines about situations to avoid during incarceration. Offenders are encouraged to share this information with family. Medical staff also meets with each offender to perform a physical examination, test for various diseases, administer a tetanus shot, take a DNA sample as required by law, and to obtain a medical history to ensure medical and prescription needs are addressed. Educational, Mental Health, IQ and vocational testing occurs over a period of several days. Dependent upon the particular status of the offender, she may remain in the Receiving and Orientation Unit from 30 to 45 days, until she is assigned to the appropriate institution.

### **TELEPHONE ACCESS**

Offenders may not receive phone calls, however, once a personal PIN number has been activated, offenders are allowed to make phone calls. Phone calls are limited to 15 minutes per call, with access between the hours of 6:00 a.m. to 10:30 p.m. daily. Calls can be made via collect call, through debit minutes purchased by the offender in the canteen, or through prepaid time purchased by the family through Securus Technologies, Inc., the telephone vendor. Offender families who wish to purchase prepaid phone time, or discuss billing or phone problems may call Securus Technologies, Inc. at (800-844-6591), as well as their local service provider.

#### MAIL ACCESS

One of the most important things you, as a family member or friend can do is to write regularly. While offenders may not receive food, clothing, cash, stamps, stationery or other items through the mail, letters are encouraged. You may write as often as you wish, and with each letter, you may send up to five 8 ½ x 11 enclosures, clippings or photographs (no Polaroids), but they may not contain nudity (to include children), any pictures of other offenders, or other inappropriate content. Mail is subject to inspection. For more specific information about mail restrictions, you may visit the department's website and read about it in the *For Family and Friends* handbook. The following address should be used for all incoming mail:

Women's Eastern Reception, Diagnostic & Correctional Center
(Offender Name and DOC Number)
1101 East Highway 54

Vandalia, Missouri 63382

#### VISITING

During assignment to the diagnostic unit, offenders are allowed one 4-hour visit from 2:30 p.m. to 6:30 p.m. on the second Saturday of each month. The visiting room is open Saturday, 2:30 p.m. to 6:30 p.m. Visitors must arrive prior to 5:15 p.m.. Offenders arriving at the institution within 2 weeks prior to the visiting date may receive a special visit. Once the offender has been informed of the approval or denial of requested visitors, it will be her responsibility to notify prospective visitors of visitation status. No more than 3 visitors may visit an offender at the same time. No visitors under the age of 18 will be allowed to visit the offender while she is in the diagnostic unit. All visitors will be required to present a valid State Department of Revenue picture identification prior to being allowed entry into the institution. It should be noted that visitors are subject to search for contraband, and all visitors are expected to conduct themselves appropriately. Language, dress, and behavior are expected to be orderly and proper and use or possession of alcohol, drugs, weapons, a camera or any contraband is strictly prohibited. Refusal to comply with these orders may result in denial of visiting privileges, arrest, and/or prosecution. No food, liquids or cigarettes will be permitted to be brought into the visiting room by visitors. Vending machines are available for visitor use. No more than \$50.00 in \$5.00 bills or less, per person, will be permitted in the visiting room and the money must be carried in a clear plastic bag or container. Under no circumstances can offenders have money in their possession. Small lockers are available to store keys, purses and wallets during visits; however, it is recommended that when possible, items be secured in the vehicle. Medications or medical equipment needed to maintain life such as nitroglycerin, insulin and insulin supplies and oxygen or asthma inhalers may be taken into the facility in their original container and only in the necessary dosage for the visiting period. You should notify staff upon your arrival of the need for medication during visitation. If you have special medical equipment, such as a walker, wheelchair or surgically implanted metal hardware, you should provide a physician's statement. Visitors with special needs due to a medical or physical limitation will be permitted to retain those items if deemed necessary by the shift supervisor.

#### OFFENDER DEPOSITS

Offenders will have a personal account, and money may be deposited to that account in several ways. The fastest way to deposit money to an offenders account is to use electronic transfer by an approved on-line or local money transfer vendor. Using this wire service will ensure overnight transmittal for next business day's deposit. It will still take 24 to 48 hours to show up on the account if received by the vendor's cut off time. The offender will receive notice of deposit or may check their balance on a kiosk located inside the facility. If you wish, you can also mail a money order or cashier's check to the Offender Finance Office, Missouri Department of Corrections, P.O. Box 1609, Jefferson City, MO 65102. When doing so, the check must be made payable to the Missouri Department of Corrections and accompanied by a Department of Corrections deposit slip. Each offender has access to deposit forms and can send the slips to you at any time. If you have questions, you may call the Offender Finance Office at (573) 526-6445 or visit our website. It should be noted that if fines or fees are mandated by the courts for reimbursement of court costs, filing fees, child support, intervention fees or payment to a victim compensation fund the department is obligated by law to remove all or part of incoming deposits until the judgment is met in full.

### **DIRECTIONS TO WERDCC**

If you are coming from St. Louis, take Highway 61 North to Bowling Green, MO and exit on to Highway 54 West. If you are coming from Kansas City or Columbia, take I-70 East to Kingdom City, then take the Highway 54 East exit, #148, Turn left toward Auxvasse/Mexico. Stay on Highway 54 East to Vandalia. WERDCC is on the eastern city limits of Vandalia.

#### QUESTIONS

Most of the time your questions can be resolved by visiting the department's website at <a href="www.doc.mo.gov">www.doc.mo.gov</a> and reviewing the For Family and Friends link. It is recommended that you call the caseworker to relay any concerns you may have about an offender should your questions not be answered via the website. WERDCC'S phone number is (573) 594-6686.

It should be noted that this correspondence is for informational purposes only and information contained herein is subject to change.

WERDCC officials will make the final determination on all issues or questions raised regarding institutional matters.

Phone calls are limited to 15 minutes per call, with access between the hours of 6:00 a.m. to 10:30 p.m. daily. Calls can be made via collect call, through debit minutes purchased by the offender in the canteen, or through prepaid time purchased by the family through Securus Technologies, Inc., the telephone vendor. Offender families who wish to purchase prepaid phone time, or discuss billing or phone problems may call Securus Technologies, Inc. at (800-844-6591), as well as their local service provider.

#### MAIL ACCESS

One of the most important things you, as a family member or friend can do is to write regularly. While offenders may not receive food, clothing, cash, stamps, stationery or other items through the mail, letters are encouraged. You may write as often as you wish, and with each letter, you may send up to five 8 ½ x 11 enclosures, clippings or photographs (no Polaroids), but they may not contain nudity (to include children), any pictures of other offenders, or other inappropriate content. Mail is subject to inspection. For more specific information about mail restrictions, you may visit the department's website and read about it in the *For Family and Friends* handbook. The following address should be used for all incoming mail:

Women's Eastern Reception, Diagnostic & Correctional Center (Offender Name and DOC Number) 1101 East Highway 54

Vandalia, Missouri 63382

#### VISITING

During assignment to the diagnostic unit, offenders are allowed one 4-hour visit from 2:30 p.m. to 6:30 p.m. on the second Saturday of each month. The visiting room is open Saturday, 2:30 p.m. to 6:30 p.m. Visitors must arrive prior to 5:15 p.m.. Offenders arriving at the institution within 2 weeks prior to the visiting date may receive a special visit. Once the offender has been informed of the approval or denial of requested visitors, it will be her responsibility to notify prospective visitors of visitation status. No more than 3 visitors may visit an offender at the same time. No visitors under the age of 18 will be allowed to visit the offender while she is in the diagnostic unit. All visitors will be required to present a valid State Department of Revenue picture identification prior to being allowed entry into the institution. It should be noted that visitors are subject to search for contraband, and all visitors are expected to conduct themselves appropriately. Language, dress, and behavior are expected to be orderly and proper and use or possession of alcohol, drugs, weapons, a camera or any contraband is strictly prohibited. Refusal to comply with these orders may result in denial of visiting privileges, arrest, and/or prosecution. No food, liquids or cigarettes will be permitted to be brought into the visiting room by visitors. Vending machines are available for visitor use. No more than \$50.00 in \$5.00 bills or less, per person, will be permitted in the visiting room and the money must be carried in a clear plastic bag or container. Under no circumstances can offenders have money in their possession. Small lockers are available to store keys, purses and wallets during visits; however, it is recommended that when possible, items be secured in the vehicle. Medications or medical equipment needed to maintain life such as nitroglycerin, insulin and insulin supplies and oxygen or asthma inhalers may be taken into the facility in their original container and only in the necessary dosage for the visiting period. You should notify staff upon your arrival of the need for medication during visitation. If you have special medical equipment, such as a walker, wheelchair or surgically implanted metal hardware, you should provide a physician's statement. Visitors with special needs due to a medical or physical limitation will be permitted to retain those items if deemed necessary by the shift supervisor.

#### OFFENDER DEPOSITS

Offenders will have a personal account, and money may be deposited to that account in several ways. The fastest way to deposit money to an offenders account is to use electronic transfer by an approved on-line or local money transfer vendor. Using this wire service will ensure overnight transmittal for next business day's deposit. It will still take 24 to 48 hours to show up on the account if received by the vendor's cut off time. The offender will receive notice of deposit or may check their balance on a kiosk located inside the facility. If you wish, you can also mail a money order or cashier's check to the Offender Finance Office, Missouri Department of Corrections, P.O. Box 1609, Jefferson City, MO 65102. When doing so, the check must be made payable to the Missouri Department of Corrections and accompanied by a Department of Corrections deposit slip. Each offender has access to deposit forms and can send the slips to you at any time. If you have questions, you may call the Offender Finance Office at (573) 526-6445 or visit our website. It should be noted that if fines or fees are mandated by the courts for reimbursement of court costs, filing fees, child support, intervention fees or payment to a victim compensation fund the department is obligated by law to remove all or part of incoming deposits until the judgment is met in full.

#### DIRECTIONS TO WERDCC

If you are coming from St. Louis, take Highway 61 North to Bowling Green, MO and exit on to Highway 54 West. If you are coming from Kansas City or Columbia, take I-70 East to Kingdom City, then take the Highway 54 East exit, #148, Turn left toward Auxvasse/Mexico. Stay on Highway 54 East to Vandalia. WERDCC is on the eastern city limits of Vandalia.

#### QUESTIONS

Most of the time your questions can be resolved by visiting the department's website at <a href="www.doc.mo.gov">www.doc.mo.gov</a> and reviewing the For Family and Friends link. It is recommended that you call the caseworker to relay any concerns you may have about an offender should your questions not be answered via the website. WERDCC'S phone number is (573) 594-6686.

It should be noted that this correspondence is for informational purposes only and information contained herein is subject to change, WERDCC officials will make the final determination on all issues or questions raised regarding institutional matters.

- O PAPERWORK: You will receive a copy of your Sentence and Judgment papers and your face sheet when you are classified. This includes new offenders and any return offender with a new sentence. DO NOT request any of this paperwork from the Records Department.
- o JAIL TIME CREDIT: If you dispute your jail time credit on a sentence, it is your responsibility to write to the sheriff's office in the county where you were held and request they check your time. The county must send a corrected endorsement to the Records office here at WERDCC. The Records office will not accept this information from you or your family.
- o OFFENDER ACCOUNT & VICTIM'S COMPENSATION: Offenders must have their Canteen order in by no later than 11:00 a.m. on Fridays. Offenders will receive Canteen on Monday morning. (This schedule could be subject to change in the event Canteen schedules HU6 spend day other than Mondays). All money brought in by offenders is sent to Jefferson City. You may have money wired to you. See your bulletin board on your wing for this information. It may take anywhere from 2 days to 2 weeks for money to be deposited on your account. Victim's compensation fees will post on the Kiosk machine.
- PREGNANT OFFENDERS: If you are pregnant or are notified by medical that
  you are pregnant, please notify Ms. Hurley. You will need to complete a form for
  release of your child to a temporary guardian if the baby is born while you are still
  incarcerated.
- O PHONE BLOCKS: If you are having problems making collect calls or your family have phone blocks, have them contact the following number: 1-800-844-6591.
- calls must be either collect or by calling card and should be limited to 15 minutes per call as a courtesy to other offenders. Again, you will need your own activated phone pin number in order to make calls. Three-way calls are NOT allowed per DOC policy and can subject you to a CDV. There are no restrictions on the number of letters you may write. The only letters that may be sealed are those which are considered legal mail (items going to court, judge, or attorney). You may deposit letters and any other mail going out of HU6 in the black mailbox in the airlock. All mail going to HU6 staff (FUM, Caseworkers, and IPO's) may be placed in the brown kite box, also located in the airlock. Any letters sent out of the institution must include all of the following for the return address:

(Incarcerated name, DOC number and HU) WERDCC 1101 East Highway 54 Vandalia, MO 63382

Friends and family may also write you at the above address.

- o MSR FORMS: (Medical Services Request) are forms that you fill out to request medical services. MSR's are obtained in the rotunda and must be filled out prior to reporting to Medical. If you wish to see a dentist, eye doctor, mental health or OB, and it is not urgent, you may drop the MSR in the box in the Dining Hall.
- o MEAL SCHEDULE: All R&O Offenders are required to go to all meals. Meals are scheduled at the approximate times:

Breakfast 5:20 am, Lunch 10:45 am, Supper 3:45 pm

- o LAW LIBRARY: R&O Offenders will go to the Law Library every Wednesday evening from 6:00 pm to 8:00 pm. CCM's will put out a sign up sheet Wednesday morning for offenders wanting to go to the Law Library and take care of legal issues. You cannot file for divorce or 180 day writ until you are classified and out of R&O. Offenders may have papers notarized at the Law Library or during open door by the CCM.
- SMOKING: R&O is a Non-Smoking unit. THERE WILL BE NO TOBACCO PRODUCTS IN R&O. Offenders will not be allowed to purchase cigarettes or tobacco products. If you are caught with cigarettes and/or smoking, you will be subject to a CDV.

### GUIDELINES FOR ADJUSTMENT TO INCARCERATION

Missouri Department of Corrections is committed to the custody and supervision of all inmates; however, circumstances may occur which may place you in a vulnerable, insecure predicament. Be aware of and avoid conditions which may put you in these situations. <u>Some</u> examples of these circumstances are as follows:

### 1. Avoid Getting in Debt:

- a) Gambling
- b) Borrowing
- c) Lending
- d) Inmate "Scams": be aware of inmate protection groups which attempt to provide you safety in exchange for money, or canteen items.

### 2. Substance Abuse - Drugs and Alcohol:

- a) Prescribed medications should be taken according to an authorized doctor's orders only.
- b) Drugs or alcohol will not be permitted. Be aware that possession of unauthorized drugs or alcohol is against rules. Possession will result in appropriate sanctions. Also, the possession/use of controlled substance is against Missouri statutes which may result in prosecution.

### Unauthorized Organizations will seek you membership:

a) It is your responsibility to choose your friends wisely as these individuals might not have your best interest in mind.

### 4. Verbal and physical harassment may occur:

- Attempt to avoid situations which may put you at risk, such as: (Refer to 5 (a).
- b) Strong arming.
- c) In the event such harassment should occur and you think you need assistance in handling this problem, contact a staff member for help.

### Sexual Assault:

- a) Avoid situations which may place you at risk.
  - 1. Choose your company carefully
  - 2. Avoid being alone
  - 3. Avoid any type of indebtedness
  - 4. Do not borrow anything

- b) If you are assaulted, follow these steps:
  - 1. Contact a staff member immediately.
  - If sexually assaulted, to assist in possible prosecution, do not remove physical evidence either by washing or using the toilet.
  - Cooperate with the investigator.
  - Provide all information regarding the identity of the aggressor
     (s).

The following are some ways to help you avoid the situations listed above:

- Mind your own business. Don't discuss your personal business with other inmates, such as:
  - 1. Money
  - 2. Sentence/Offense
  - 3. Family
  - 4. Career
  - 5. Criminal history
- b) Keep your possessions while incarcerated to a minimum. The more you have, the more you become a target.
- c) Avoid idle time:
  - Get involved in self-improvement activities such as education, vocational training, recreation, jobs and religion.
- d) If stress levels become too much, seek staff help.

If you think you need protection, you must notify a staff member as soon as possible. You will be locked in temporary Ad Seg until a hearing is held. At the hearing, you must provide completed information regarding the threat and identity of all enemies. You may be placed on protective custody or you may be released from protective custody status.

The Department is committed to the ideal of a safe and secure environment for all. Each inmate is responsible for cooperation with staff and for complying with all department rules.

### RECEIVING AND ORIENTATION -WERDCC"HOW TO BECOME INVOLVED WITH 4-H LIFE"

We realize there are many new rules and mountains of information to learn at this facility. As a member of the staff at University of Missouri-Extension, my purpose for this letter is to guide you in the proper directions for our specific programs.

### OUR TARGET AUDIENCE:

Mothers, Grandmothers, Aunts, Sisters who had a close relationship with the young people within their home, prior to incarceration – AND – who expect these young people to visit them while incarcerated.

2. 4-H LIFE: (formerly known as Building Strong Families/4H)

As a part of my service to you, I facilitate a weekly class – "4-H Life". This class is aimed towards discussion of parenting/grand-parenting/role-modeling of children in the age category of eight + years. (Remember the Target Audience listed above). Topics include "How to Budget your Money", "Stress", "Anger", "Communication", "How to Play", etc. Included within this class time is prepareation for the next role in deciding what topic to present, what game(s) to play, and perhaps a special project for community service. Let's work and play together to help our children!! This is a GREAT class, with LOTS of fun...LEARNING does not have to be completely serious!!

One additional note: You will learn that your local Extension Office (one in every County in the State of Missouri) has a multitude of resources for you; for instance – living arrangements, healthcare, dealing with crisis, employment for ex-offenders, etc. During "4-H LIFE" classes, we attempt to cover some of your personal needs via resources available to Extension Staff.

### 3. 4-H LIFE ENHANCED VISITATION (Club Meeting):

This excellent opportunity is sponsored monthly by University of MO-Extension and WERDCC. It is currently in the planning stage, and more information will be available to you soon. REMEMBER...Enhanced Visitation is the opportunity for your children to become a member of a State-recognized 4-H Club of Missouri.

THANK YOU & SEE YOU SOON!!

### Prison Release Initiative: Springfield/Greene County

Currently, 34% of offenders released from incarceration in the state of Missouri come back to prison on a new case. PRI Springfield doesn't want YOU to be one of them! We intend to work with you while you are incarcerated and as you prepare to leave prison, then to continue providing services and support until you have successfully reintegrated back into your community.

If you are selected to participate in PRI-Greene County, you will be assigned an individualized case management team approximately six months prior to your release. This team may include a case manager, IPO and other institutional staff, based on your personal needs and risk of recidivism.

Prior to your release, you will begin working on some of the goals you set for yourself, such as working on your GED, taking classes, and completing substance abuse treatment.

Through video-conferencing, you and your institutional case management team will be able to meet several times with your field case management team. This field team may include your probation/parole officer, community providers, and members of your support network.

You will work with your team to identify programs and services that will meet the goals that you have set for yourself in your Transition Accountability Plan. By the time you leave prison, you will have a plan in place to help you succeed in the community! You will have the opportunity to ask questions, give input, and get to know the people on the outside before you are ever released.

Ask yourself:
"Am I ready to to succeed?"

### WERDCC MO DEPT OF CORRECTIONS INTEROFFICE MEMORANDUM

To:

Whom it May Concern

From:

Jennifer Raspberry, CCMII

Subject:

SSI-Supplemental Security Income

Please read ALL information before contacting my office:

As a part of the Missouri Re-Entry Process (MRP) initiated by the Missouri Department of Corrections, WERDCC has asked me to be the facility liaison between our offender population and the Social Security Administration's local office. Our purpose is to assist you in getting your SSI Benefits reinstated and lessen the wait time for getting your SSI checks upon your release. If you were receiving SSI Benefits and your benefits were stopped due to your incarceration, follow these steps:

90 days prior to your established release date, contact me, Jennifer Raspberry, CCMII on housing unit 4

and let me know that you would like assistance in getting your SSI benefits reinstated.

Be prepared to sign a release of information for Medical and Mental Health, they will call you over once I have your information.

Once the Social Security office has your information and medical and mental health records, you will be asked to come to my office for a phone interview with the Social Security SSI contact in the Columbia, MO office. This will require approximately 30 minutes to an hour of your time.

Once a determination of your eligibility has been made, you will be notified by their office. If it is determined that you are eligible to receive SSI, you may contact your local office upon your release to begin receiving benefits.

(NOTE: If you have been incarcerated less than one year, your SSI benefits will automatically be reinstated upon your release. Contact your local office upon release.)

If you applied for SSI prior to being incarcerated, but were denied, you may NOT apply again while incarcerated. Contact your local office upon release. If your case is in the appeal process (SSI or SSDI), contact your lawyer to proceed. You may need to continue your case once you are released. Or if an appeal hearing date has already been established, Social Security may contact your caseworker to set up a disability hearing by phone. This is YOUR responsibility, not your caseworkers.

If you received SSI in the past, but had been determined no longer eligible before you were incarcerated and you want to re-apply, contact your office upon release.

If you have never received SSI in the past, but have developed a debilitating condition (one which would make it impossible for you to maintain employment) while incarcerated, contact Jennifer Raspberry on HU 4.

Please Note: If you were receiving both SSI and SSDI (Social Security Disability Income) benefits prior to your incarceration and your SSI record is suspended, you must show proof that you have been released from prison in order to have your benefits reinstated. Once you have done so and your SSDI has been reinstated, your SSI benefits will then be reinstated as well. In this case, you must contact your local office upon release to begin receiving benefits again.

To receive a copy of the Supplemental Security Income booklet or the Social Security Disability Income booklet from the Social Security Administration, which explains what SSI and SSDI are, and the rules for getting SSI and SSDI, drop a note/to me on Housing Unit 4 and I will be happy to get you a copy.

Sincerely,

ennifer Raspherry, CCMII HU4

### What Prisoners Should Know About Social Security

Social Security and Supplemental
Security Income (SSI) payments
are not payable for months that you are confined to a jail, prison or certain other public institutions for commission of a crime. And, you are not eligible for Social Security or SSI payments automatically when you are released.

### Who can get Social Security benefits?

Social Security disability benefits can be paid to people who have recently worked and paid Social Security taxes and are unable to work because of a serious medical condition that is expected to last at least a year or result in death. The fact that a person is a recent parolee or is unemployed does not qualify as a disability. No benefits are payable for months you are in a jail, prison or other correctional facility or certain other public institutions.

Social Security retirement benefits can be paid to people who are 62 or older. Generally, you must have worked and paid Social Security taxes for 10 years to be eligible. Benefits are not paid for the months you have been sentenced to a jail, prison or correctional facility or confined to certain public institutions for committing a crime.

Although you cannot receive monthly Social Security benefit payments while you are confined, your spouse or children can be paid benefits on your record if they are eligible.

And if you have worked and paid Social Security taxes, survivors benefits also may be paid to certain family members in the event of your death.

### Who can get SSI payments?

SSI payments can be paid to people who are 65 or older, or who are blind or disabled and whose income and resources are below certain limits. No benefits are payable for any month throughout which you reside in a jail, prison or certain other public institutions.

When you are ready to be released, contact Social Security to apply for SSI so that an SSI payment can be made right after your release if you meet all the requirements.

### If you think you qualify for benefits

In all cases, if you think you may qualify for Social Security or SSI payments, you should contact Social Security to apply for benefits.

Offender Notes to Records

This issue has been addressed several times over the past few years. The Records Office will NOT respond to notes regarding the following issues:

### GOOD TIME CREDIT

- If an offender is eligible for a time credit date, a Time Credit Eligibility Form will be submitted automatically to the Warden's office for recommendation three (3) months prior to the Time Credit Date.
- 2. Once a Warden has made a recommendation, it is sent to the Parole Board.
- 3. If a denial is recommended, the Parole Board will notify the offender of the denial. If there is a recommendation for approval, the Board will notify the offender with a hearing or release date.

### WARRANTS

- If an offender knows she has active warrants, she will need to contact those counties and request action be taken.
- The Records Office runs warrant checks as offenders are received and prior to release. Any counties showing an active warrant are notified at that time.
- It is the responsibility of the offender and the county where the warrant is issued to take any necessary action regarding those warrants.

### **DETAINERS**

- Once a warrant and letter of request has been received from a county, a detainer will be placed in favor of that county.
- 2. The offender will be notified of the detainer.
- 3. If the offender is eligible for a Request for Disposition, they will be given an opportunity to file that request. \*NOTE: this is the same as a 180 WRIT.
- The Records office can not file a Request for Disposition (180 day WRIT) unless an official detainer has been received.

### LETTERS OF INCARCERATION

- 1. The offender may write a letter with the dates they have been incarcerated, have it notarized and mail to the agency needing the information.
- 2. If an agency needs verification of incarceration, that agency must request the information through the Records Office.
- The Records Office WILL write a letter of Incarceration to the City of St. Louis ONLY. You will need to supply a self addressed stamped envelope to the Records Office with your request.
- 4. When you are released, you're Parole or Probation orders can be used to prove incarceration.

### MONEY AND OFFENDER ACCOUNTS

 The Records Office does NOT handle money or offender account questions or requests. Send your note to the Business Office.

### **FACE SHEETS**

- 1. Offenders are given a copy of their face sheet while in R&O.
- Any time a change is made to a face sheet, for any reason, the offender will receive a copy of the corrected face sheet.
- 3. If a request for a face sheet is received, it will only be honored if it has been 2 years or more since a face sheet was updated.

### 120 CREDITS

1. If you served time on a PCT, ITC, or LTC and return as a Probation Revocation on those charges, you will automatically receive this credit.

### PAROLE QUESTIONS

 Any questions about seeing the board or release dates changing should be directed to your IPO, not Records.

If these procedures are adhered to, it will free up the time of the Records staff to answer notes relating to more specific questions.
