A. Offender Reporting

Individuals that sexually abuse, assault or harass inmates can only be disciplined and/or prosecuted if the sexual misconduct is reported. Offenders who are victims or have knowledge of sexual abuse or harassment should immediately report the incident to a staff member (custody, civilian, medical, etc.) so that intervention, medical and investigative procedures can be initiated. Offenders may also utilize the following alternate reporting methods:

1. Offenders may utilize the Inmate Remedy System Form to report sexual abuse or harassment, however, **offenders are not required to go through the Inmate Remedy System to report allegations of sexual abuse or harassment**. Designated staff will process such reports as a high priority in accordance with established facility emergency procedures and forward copies to the facility's Administrator and PREA Compliance Manager, or

2. Offenders may use the free confidential telephone hotline to report sexual abuse or harassment to the Corrections Ombudsman. Offenders may also utilize the
Office of the Corrections Ombudsman Request for Assistance form or send written correspondence to their office, or

3 Offenders may use the locked confidential Special Investigation Division (SID) mailbox to report sexual abuse or harassment to the SID Investigative Unit

4 Offenders may not deliberately falsify reports of sexual abuse or harassment Incidents of false reporting will result in disciplinary action

B Prevention

1 All NJDOC staff, contract employees and volunteers with direct and/or incidental contact with offenders receive documented PREA training (CSTA NU 10 19 PREA Non-Custody or CSTA 10 19 PREA Custody)

2 During intake and as offenders are transferred between facilities, all offenders will receive information about the NJDOC's policies regarding the Prison Rape Elimination Act (PREA) and Zero Tolerance for Sexual Assault/Rape Additional information regarding prevention, intervention, treatment and counseling will be provided by designated staff in a manner that is clearly understood by offenders

3 All staff and offenders are to be alert for behaviors in offenders which may indicate that some form of sexual abuse may be occurring or offenders are at risk for sexual abuse Some of these include changes in routine, mood or behavior, to include eating, hygiene and sleeping habits, avoiding staff members or staying too close to staff, staying out of dining halls or showers, requesting cell changes, etc

C Intervention/Staff Reporting

1 Staff who receive an initial report of sexual assault or harassment must separate the victim from the alleged assailant to protect the victim and prevent further violence

2 Staff who receive an initial report of sexual assault or harassment are required to promptly intervene on the victim's behalf to ensure the victim receives prompt medical and psychological assistance, as appropriate to his or her needs and the circumstances of the alleged offense

3 Regardless of the source, NJDOC staff, contract employees and volunteers who receive information concerning offender on offender sexual assault, or who observe an incident of offender on offender sexual assault, or have reasonable cause to suspect an offender is a victim of sexual assault (inmate on inmate or staff on inmate), must immediately report the information or incident to their immediate supervisor and/or shift supervisor The immediate supervisor/shift supervisor will immediately notify the Special Investigations Division and forward
all written reports to the SID investigative unit. The assigned investigator will notify local law enforcement.

4. An employee, contractor or volunteer who fails to report an allegation, or coerces or threatens another person to submit inaccurate, incomplete or untruthful information with the intent to alter a report, may face disciplinary charges, up to and including dismissal, even on a first offense.

D. Security

Once an incident of sexual assault has been reported, staff will follow appropriate security procedures to include:

1. Providing medical and mental health assistance for the alleged victim as soon as possible,
2. Separating the victim from the alleged assailant,
