INTRODUCTION

This handbook applies to all inmates sentenced to the custody of the North Dakota Department of Corrections and Rehabilitation ("DOCR"). The DOCR includes the North Dakota State Penitentiary ("NDSP"), James River Correctional Center ("JRCC"), and Missouri River Correctional Center ("MRCC"). You will be given an addendum to this handbook if you are housed at the James River Correctional Center or Missouri River Correctional Center for additional rules applicable to those facilities.

STATUTORY RESPONSIBILITIES AND FUNCTION

The authority for the rules and regulations in the handbook is in North Dakota Century Code ("N.D.C.C.") chapters 12-47, 12-48, 12-48.1, 12-54.1 and 54-23.3 unless otherwise indicated.

MISSION STATEMENT

The mission of the North Dakota Department of Corrections and Rehabilitation is to enhance public safety, to reduce the risk of future criminal behavior by holding adult and juvenile offenders accountable, and to provide opportunities for change.

ORIENTATION PROGRAM

You will complete an orientation program upon arrival. The major purpose of this orientation program is to instruct you in the operation of the institution and alleviate fears, apprehension, and confusion that many new arrivals may have. The orientation program includes psychological testing, explanation of institutional rules, visiting and correspondence policies, and availability of work, education, and treatment programs. Most importantly, it is a time for you to reflect on the behaviors that brought you to prison and to begin to set goals to change those behaviors. You are to plan your course of action for your incarceration during orientation.

You will be issued a copy of the Inmate Handbook, which describes the rules and infractions of the institution. Additional rules or rule changes to the handbook will be posted on the bulletin boards in the living quarters. It is your responsibility to familiarize yourself with all the rules of the institution and keep the handbook in your possession until you are discharged.

Upon completion of orientation, the classification committee will see you for determination of your custody level and housing.

UNIT PLAN

If you are transferred from another institution or a specialized unit, you will receive the necessary information about the new unit or institution.

CHAIN OF COMMAND

It is important that you follow the appropriate procedures to make requests, file complaints, or grievances. Chain of command requires that you deal with the staff at the most immediate level of contact capable of resolving the issue. As an example of following the chain of command, there may be a problem with the air temperature in your cell. Instead of writing a complaint to the warden, Director of Corrections and Rehabilitation, or Governor, you should first:

1. Contact an officer working in your housing unit: if no resolution;
2. Contact your case manager: if no resolution;
3. Contact the unit manager: if no resolution;
4. Feel free to follow the grievance procedure discussed in a later chapter of this handbook.

CLASSIFICATION

Your initial classification hearing follows your completion of orientation. At this time, the Inmate Classification Committee (ICC) reviews your risk score and assigns you a custody level. You may appeal the committee's custody level decision to the director of transitional planning services within 48 hours of your classification hearing. If you believe a custody level appeal is warranted, you may request a classification appeal form from staff in your housing unit. You may not appeal programming or housing assignment. If you have concerns with your current program assignment, you may work with your case manager to address your concerns.

Male inmates of all custody levels may be housed at NDSP or JRCC, but generally, NDSP houses maximum security inmates, JRCC houses inmates with custody levels of medium or lower, and inmates with minimum custody may be housed at the MRCC. After your initial review, the Unit Classification Team will review your custody level on an annual basis and may increase or decrease the custody level after the review. The committee will also review inmates upon a major change in status.

Housing, programs, and work assignments of inmates are made at the discretion of the administration. No inmate has the right to be housed in any particular unit or to be assigned to any particular program or work assignment, regardless of the inmate's custody classification. All inmates are subject to transfer from any unit, program, or work assignment to another unit, program, or work assignment that may be more or less restrictive as the result of a disciplinary action or if the change is in the best interests of the DOCR.

The Initial Classification Committee or unit management staff makes recommendations to the warden of transitional facilities for minimum-security placement. You must read the minimum-security housing criteria before requesting minimum-security placement.

PROCESS TO OBTAIN MINIMUM SECURITY HOUSING

1. Visit with your case manager to see if you qualify for minimum custody. Factors used to determine minimum custody include:

- a. You must have less than 36 months remaining to serve.
 - b. Your past criminal record.
 - c. Reliability during prior prison sentences here or elsewhere.
 - d. Time already served in a corrections facility.
 - e. Behavior and work record within a corrections facility.
 - f. Compliance with treatment and programming recommendations.
 - g. No pending felony detainers.
 - h. No visiting restrictions.
2. Your case manager will complete minimum custody transfer paperwork and have your case screened by the classification director or unit management staff.
 3. The paperwork will then be forwarded for final approval by the warden of transitional facilities.

UNIT MANAGEMENT

Unit management utilizes a multi-disciplinary team to manage programs, housing, and day to day institutional living while you are incarcerated to assist you to prepare for your transition back to the community. When assigned to a housing unit, a case manager will be assigned to you and will assist you in following your case plan. Your case plan will be reviewed with you periodically to ensure that appropriate goals and strategies are completed to reduce the risk to re-offend.

SECTION 1 - RULES AND REGULATIONS OF THE INSTITUTION

GENERAL RULES OF LIVING AREAS

There are general rules that will be enforced throughout the entire inmate population. If you have any questions concerning a certain area, please contact your housing supervisor.

1. You may not go into another inmate's living area, another housing unit, tier, tier landing, or dormitory unless authorized by staff. If you are found in any one of these areas, you are in an unauthorized area and disciplinary action may be taken.

2. When living areas are opened for meals, recreation, or on an officer's orders, you shall leave the living area promptly and in an orderly manner. When returning to the unit, you shall go directly to your living area. Loitering on the tiers is prohibited.
3. You are not allowed to leave your assigned unit without permission from staff.
4. You must use the chain of command within your living unit to resolve problems.
5. You shall refrain from loud talking, conversations, and noise. Typing may be done between 8 a.m. to 10 p.m. Quiet hours are between 10 p.m. and 7 a.m.
6. Television, radio, and electronic games and devices are privileges. Inmates shall wear headphones at all times when using televisions, radios, or other electronic games or devices. A second party should not be able to hear the sound coming from your appliance or headphones. If you use your television, radio, electronic game, or device without headphones, you may be subject to disciplinary action.
7. Lights and appliances must be unplugged or turned off when you are not in your living unit. Homemade lamps, speakers, electrical devices and alterations of, extension cords or splices on electrical equipment are prohibited. Light fixtures shall not be altered in any manner.
8. If you are in general population at the North Dakota State Penitentiary, you shall place a state-issued name tag on your cell bars or bunk area. The nametag must only legibly display your name and prison identification number. No drawings or attachments are allowed on your name tag. No items are allowed to be attached or hung on the cell bar or doors except your state-issued name tag. If you lose your state-issued name tag, you shall request a new one.
9. Homemade shelves, desks, or tables are prohibited in living units. The standard cell arrangement will be posted in the unit plans. All personal property must be stored as directed. All drawers must be facing out so officers can fully open them. Towels are not allowed to be used as shelf liners or dust covers for appliances or desks.
10. In most living units, a 4' x 4' area in the cell is designated to hang posters and pictures. This is the only area in which you are allowed to hang these items.
11. All sexually oriented material or photographs must be stored in a closed drawer or lockers. Material that cannot be properly stored will be considered contraband. Sexually explicit material may include any book, pamphlet, magazine, or printed matter however reproduced, which contains any picture, photograph, drawing or similar visual representation or image of a person or portion of the human body which depicts nudity, sexual conduct, sadomasochistic abuse, bestiality and homosexuality. Explicit sexual material also includes that which contains detailed verbal descriptions or narrative accounts of sexually explicit conduct. (A publication will not be prohibited solely because it contains pictorial nudity that has a medical, educational or anthropological purpose.)
12. You shall keep your housing area clean at all times. Beds must be made before you leave your dorm or cell.
13. Authorized caps and sunglasses may only be worn outdoors.
14. Communication within the institution must be in English language only. The warden may grant an exception to this rule if you have been identified through

orientation or assessments after orientation as having only limited English proficiency (LEP). Limited English proficiency means English is not your primary language and you only have limited ability to read, write, speak, or understand English. Ken S. needs to review. For the safety and security of staff and the facility, staff may require inmates to speak only English when they are present. Verbal and written communication entering or leaving the facility is to be in the English Language only. Exceptions will be made..... ***Tim wants to look LEP policy. Is this the right place for this?????????

15. Selection of double bunking cellmates can result from voluntary requests by you or by appropriate selections by staff. Additional general housing information will be provided to you in double bunked cells.
16. You shall wear inmate identification, shirts, pants (or appropriate shorts), socks, and shoes whenever you are not in your cell or living area. An exception to wearing shirts may be made when you are participating in outdoor recreation, but once you are back inside, you shall wear your shirt. Your shirt must be tucked inside the pants waist band, the pocket area of your pants must be in clear view of staff; and you shall wear your pants with the waist band secured around the top of the hip. You may only purchase or wear clothing in your actual size. If you have personal clothing larger than the appropriate pant (waist and length) or shirt size to obtain the "baggy" look, you will be required to send the clothing out of the facility at your own expense.
17. You shall follow staff directives or orders.
18. You are allowed to take a personal media device out of your cell during recreation time only and only to the recreational areas.
19. Undergarments are to be worn at all times, to include while sleeping. You are expected to be fully clothed for appointments, work, visiting, classes, special events, and in all areas of the facility. Clothing will be worn in the manner designed and cannot be altered.

Contraband will be confiscated and may be held by the facility or you may be allowed to send it out at your expense.

IDENTIFICATION CARDS

The following rules apply to identification cards:

1. You will be issued one identification card ("ID card"). You shall wear your ID card when you leave your assigned living quarters. If you lose your ID card, you may be restricted to your unit until a new ID card is issued. You are not required to wear your ID card when you are engaged in a vigorous type of sports activity; however, you are responsible to safeguard your ID card.
2. You may only wear your ID card anywhere in your upper chest area. Your ID and your picture must be visible. There are no exceptions.
3. You are prohibited from altering your ID card in any way.
4. Any change in your appearance will require a new picture and ID card to be issued and paid for by you. ID cards damaged through normal wear and tear will be replaced at no cost.
5. You are not permitted to keep your ID card. You will be charged a fee if you lose your card and need a replacement. You shall turn in your ID card to staff when you are discharged from the facility. Your discharge time may be delayed if you do not have your ID card.

LEVEL I INFRACTIONS

When staff observe or suspect you have committed a rule violation, a staff member will meet with you to confront the behavior and discuss the infraction. If not resolved verbally, the employee may issue a Level I incident report. The report will be given to a staff member in the unit who will meet with you generally within 24 hours and if you are found guilty, the staff member will assign sanctions available for Level I infractions appropriate for the seriousness of the offense.

1. Staff will issue reports as soon as possible after the infraction occurs.
2. Sanctions applied will start immediately.
3. Level I sanctions may not be appealed.
4. A copy of the written report will be issued to you and the resolution officer shall send the report to your assigned case manager for review (review does not mean appeal).
5. Sanctions for violations of Level I infractions may not be suspended.
6. Sanctions do not run concurrent with disciplinary detention (“DD”) time unless specified.

ENHANCED INFRACTIONS

In the event you committed an infraction in a way that displays a chronic failure to follow rules, creates a serious risk to the security or orderly running of the facility, or endangers any person or property, the reporting officer may request the imposition of sanctions available for Level II or Level III infractions. The unit case manager will determine if the sanctions may be enhanced to Level II and the chief of security will determine if the sanctions may be enhanced to Level III.

LEVEL III INFRACTIONS

When there are reasonable grounds to believe you have committed a Level III infraction, an investigation will be conducted. Upon completion of the investigation, the DOCR employee will determine whether or not an infraction was committed and will write a disciplinary report.

You will receive written notice of the charges at least 24 hours before a scheduled hearing. This written notice will include the location, date and approximate time of the scheduled hearing. The hearing will be held no later than seven days, excluding weekends and holidays, after you receive the report, but the time period may be extended for good

cause. Failure to meet any of the time limits in these rules shall not be grounds for automatic dismissal of a disciplinary proceeding. However, failure to meet a time limit may, at the discretion of the hearing officer or facility director, be grounds for dismissing a proceeding.

You will be asked to acknowledge receipt of notice of the disciplinary proceedings by signing a receipt for the notice of hearing at the time of delivery of the notice and the disciplinary report.

You may meet with the investigator before a hearing. The investigator will inform you of the charges, provide you copies of relevant documents, or summaries of relevant documents when a copy of the document cannot be provided, related to the charge, and inform you of your due process rights.

WITNESSES

If you are going to request witnesses to testify at the hearing, you must submit your request for witnesses in writing, including the names of your proposed witnesses, to the investigator at least 24 hours, excluding weekends and holidays, prior to the scheduled hearing. If you refuse to meet with the investigator prior to the hearing or if you fail to provide the investigator with a written request for witnesses, including the names of your proposed witnesses, you may appear before the committee at the scheduled hearing, but you will be deemed to have waived the right to call witnesses.

INFORMAL RESOLUTION

You may request an informal resolution meeting prior to the hearing or a resolution officer may request to meet informally with you in an attempt to resolve the issues without a hearing. A scheduled hearing may be postponed to allow an informal resolution meeting. The purpose of informal resolution is to allow you the opportunity to accept responsibility for the infraction and negotiate sanctions you feel are fair. The resolution officer may accept your admission of guilt to any or all pending charges and may also dismiss any or all charges. When a settlement is reached, the resolution officer shall prepare a report that discloses the agreed to sanctions, relevant terms of the agreement and summarizes the facts of the charges to which you pled guilty, if the facts are not otherwise clearly stated in other documents attached to or referenced in the official's report.

The settlement will be forwarded to the warden or designee who may accept the informal resolution or deny it and have a formal hearing of the charges scheduled.

Any offer of settlement made by the institution during unsuccessful attempts at informal resolution is not binding in any way on a hearing officer in a formal hearing on the charges. Admissions made by you during informal resolution discussions are not admissible in a formal hearing on the charges.

STAFF REPRESENTATION

You may request to have a staff member represent you at the hearing. The investigator or disciplinary committee chair person may determine that you are unable to represent yourself at a disciplinary hearing and assign a staff representative. If represented by staff, the investigator shall:

1. Appoint the representative and direct that they assist you in preparing a response to the charges.
2. Ensure that the representative has an opportunity to discuss the case with you privately.

You are not allowed to have an attorney be present or represent you at the hearing.

If the infraction is serious the report may be referred to the state's attorney. The investigator shall read you the Miranda warnings and have you sign and date the Statement of Rights form in the investigator's presence. If you waive the Miranda rights and agree to make a statement, the investigator shall have you sign and date the Miranda waiver certification line.

Law enforcement may be requested to investigate, or to assist in the investigation, of serious offenses. If you have committed an offense that is a violation of a criminal law of North Dakota or the United States, the warden may refer the matter to federal, state, or county officials for prosecution.

If staff has determined you are unable to remain in the general population following a suspected rule violation, the shift supervisor may authorize your placement in administrative segregation. If placed in administrative segregation you should receive written notification of the reason for the placement within 24 hours of being moved to the more secure housing area.

NORTH DAKOTA PERFORMANCE BASED SENTENCE REDUCTION (PBSR)

North Dakota Century Code Section 12-54.1-01 authorizes inmates in the legal custody of the DOCR to be eligible to earn performance-based sentence reduction credit ("good time credit") of five days per month based on performance criteria established by the DOCR and facility rules. Performance criteria also includes participation in court-ordered or staff-recommended treatment and education programs and good work performance.

Failure to comply with the performance criteria, including work assignments and staff recommended treatment and education may result in the loss of good time credit or the ability to earn future good time credit. There is no provision under North Dakota law to restore lost or unearned good time credit.

Inmates are only eligible to earn good time credit while in the legal and physical custody of the DOCR. Inmates are not entitled to earn good time credit for time spent in custody prior to sentencing or for any sentence where prison time is six months or less.

An inmate's good time release date is subject to N.D.C.C. Section 12.1-32-09.1, which requires inmates convicted of specified crimes to serve at least 85% of their sentence before they are eligible for release on any basis.

3. Before you may file a Step 1 Grievance, you are required to attempt to resolve your complaint informally. Prior to informal resolution, you must clearly and legibly document your complaint, one issue only, in the space provided on the Informal Resolution/Step 1 Inmate Grievance form. You may obtain assistance from staff to complete the form, but you must sign the form on the signature line and record the date. The informal resolution/Step 1 Inmate Grievance request must be submitted within 15 days of the alleged incident. You are required to work with unit staff to attempt to resolve the grievance through informal resolution. This step must be documented on the Informal Resolution/Step 1 Inmate Grievance form and signed by you and the staff attempting the informal resolution.
4. If you are not satisfied with the results of your attempt at informal resolution, you may file a Step 1 grievance with your case manager by signing the form and checking the box "disagree" on the attempted informal resolution. Your case manager or designee will discuss the grievance with you, conduct an investigation if necessary and make a recommendation as to the formal resolution of the grievance, which will be discussed with you. If you agree with their recommendation you are required to sign the signature line under the step one grievance area, date and check the box that you agree. If you disagree with the step one formal resolution recommendation you must sign, date and check the "disagree" box in order to proceed to a step two grievance. Only one issue may be addressed per grievance form and you must write it legibly in the space provided,

you are not allowed to attach additional pages. If you exceed the space provided your grievance will be returned unanswered and you will have to resubmit your grievance following the correct format.

5. **Step 2 Grievance:** You may, within 5 days of the receipt of the Step 1 response, elect to file a Step 2 grievance with your case manager. No additional facts, variations of the original issue stated in the original grievance, or new issues may be raised. The case manager will forward the completed Step 2 form to the warden's office. The warden will determine whether additional investigation is required. The warden may conduct the investigation or appoint a staff member to conduct it and report findings.
6. **Grievance Appeal:** If you are dissatisfied with the warden's response, you may file an appeal to the director of corrections and rehabilitation within five days of receipt of the Step 2 response.
7. If your grievance is of a sensitive nature and you fear possible adverse effects within the institution, you may file your grievance directly with the director of corrections and rehabilitation through the mail. You must clearly explain your issue and why you fear adverse effects if you do not follow the grievance procedure. **NOTE: If the DOCR director determines the grievance is not of a sensitive nature, the grievance will be returned to you to file through the usual grievance procedures.**
8. If the warden or the DOCR director determines you are abusing the grievance procedure through the submission of grievances that are frivolous, harassing, repetitive, or include false or defamatory statements about DOCR employees, officers, and officials, the warden or the DOCR director may place restrictions on your ability to file grievances or decline to respond to the grievance.

SECTION 4 - INMATE FINANCIAL TRANSACTIONS

INMATE ACCOUNTS

The warden has the authority to control inmate accounts as defined in ND.C.C. 12-47

You are not allowed to possess, use or carry cash, checks, debit cards, credit cards, personal identification numbers ("p.i.n. numbers"), or account numbers. The DOCR will establish ledger accounts for you to keep track of monies you have received or earned during your incarceration. Individuals may not drop off money in any form for you at any DOCR facility or DOCR contract facility.

1. **Spending Account:** Money on your person upon arrival, or any monies earned or received from outside sources, will be placed into your spending account. You should consider this account as your "checking account", to cover your needs during your stay here. You will be given a monthly statement showing any credits you received the prior month from payroll or outside sources, as well as debits (deductions) to that account (usually from commissary purchases or outside money transfers). You may also be responsible for paying any non sufficient fund (NSF), charges incurred on funds you receive. You will be given a receipt any time you receive money from a source outside the institution. Checks from governmental and federal agencies in the amount of \$500.00 or more will be posted to your account but held for two weeks to ensure the check clears the bank. Checks from business checking accounts in the amount of \$100.00 or more will be posted to your account but held for two weeks to ensure the check clears the bank. This does not include money orders, cashier's checks, official checks from a bank and checks for work release. These checks will be posted to your account without a holding period. You should save all receipts, charge slips, commissary sales receipts and transfer vouchers so you can keep track of your daily account level and reconcile each monthly statement. You may receive a disciplinary report for writing transfer vouchers with insufficient funds in your account.
2. **Release Aid Account:** 25% of all monies you earn at the institution are placed into your "Release Aid Account." This is considered your gate money-and is usually not available to you until your discharge day. You may request to use money from this account, and the warden may release the money to you at the warden's discretion.
3. **Savings Accounts:** There are two types of savings accounts that you may have during your incarceration: Spending Account Savings and Release Aid Account Savings. Money from one account cannot be deposited into the other; instead, the money must be kept separated.
 - a. **Spending Account Savings:** You may request to have monies transferred from your Spending Account to an interest bearing savings account at the Bank of North Dakota with a minimum deposit of \$10.00. You must

maintain this minimum deposit amount until either the account is closed or you are discharged. To open a Spending Account Savings, send a transfer voucher to the property office for the amount you would like deposited. The business office will process the screened voucher and take the check to the Bank of North Dakota, who will issue papers that you will be required to sign to open the account. You are allowed unlimited deposits into your Spending Account Savings and are limited to one withdrawal per month. You are encouraged to save as much money as you can during your incarceration. It may take up to a week or more to deposit or withdraw money from this savings account.

- b. **Release Aid Account Savings**: You can request your Release Aid account monies be transferred to an interest bearing account at the Bank of North Dakota. You need to follow the same steps required to open a savings account under Spending Account Savings. The minimum starting balance for the Release Aid Savings account is \$50.00. This minimum starting balance must be maintained until either the account is closed or you are discharged. The number of withdrawals you will be allowed is at the discretion of the warden. You may not invest your release aid money in any place other than the Bank of North Dakota savings accounts. Release Aid monies must remain liquid.

All savings accounts will be closed at least one week in advance of your discharge from a correctional facility to allow you to receive your monies in a timely manner.

OTHER SPENDING ACCOUNT INVESTMENTS

You are not allowed to add monies to these accounts.

INMATE PAYROLL

Inmate payroll is posted to accounts by the 15th of each month or the first working day after the 15th of each month due to a weekend or holiday. Upon discharge, your final payroll will be issued to you following the next pay period.

DEBT

The DOCR may hold you responsible for your legitimate financial obligations, including restitution, and may deduct any restitution you owe from your spending account to pay the restitution.

In addition to the wage deduction for child support, court ordered financial obligations, supervision fees, Child Support Liens, and U.S. Court Fees shall be deducted up to 20% and District Court Fees up to 25% from incoming monies.

If you owe the State of North Dakota money because of disciplinary reports, medical or dental co-pays or expenses, legal postage and copies, or supervision fees the DOCR business office shall deduct up to 50% of any incoming money and 50% of inmate wages for debt that you owe. If you owe money to the State of North Dakota at the time of your discharge from a DOCR facility, the business office may pay you all funds in your

account, less your outstanding debt. If you are unable to pay the debt in full at discharge, the business office will maintain the debt balance and this debt will remain active should you return to DOCR custody. You may make arrangements with the business office to set up payments to pay off any remaining debt owed after your release.

FINAL PAY

If you owe the State of North Dakota money, 50% of your final pay will be applied to your debt when your final pay is \$50.00 or higher and the remaining 50% will be sent to you. If your final paycheck is less than \$50.00, the total amount will be applied to your debt. If your debt is paid in full, any money remaining in your account will be forwarded to you. You may authorize the business office, in writing, to take your entire final pay if you want to pay more towards your debt. If you do not owe money, your final payroll will be issued to you following the next pay period.

DISCHARGES

If you have \$10.00 or less in your account, you will be discharged with cash. All inmates discharging from a DOCR facility with more than \$10.00 will discharge with debit cards. Checks will be issued to inmates discharging from other facilities.

INDIGENT STATUS

The DOCR may help you with basic living expenses (e.g., basic hygiene and writing materials) if you are financially unable to provide for your own needs. You may request to be placed on indigent status by writing to the property officer by the 20th of each month.

To be eligible, you must have received \$15.00 or less of spendable money each month. This includes spending balances carried over from the previous month. SOCIAL SECURITY CARD

It is necessary for you to have a social security card when you are discharged from prison or are recommended to go to a transitional facility for work release or to attend school. The social security card is a major source of identification used for work release, transitional housing, and to develop release plans upon your discharge for obtaining employment. If you have a social security card at home, it is in your best interest to have the social security card sent in to be placed in your file. If you do not have a social security card, staff will assist you to apply for a replacement. Applications for a

replacement social security card can only be submitted to the Social Security Administration Office if you meet at least one of the following requirements:

1. You will be released from prison within 120 days.
2. You will be participating in a work release, school or pre-release social services program.

When you meet at least one of these above conditions, your case manager can assist you to complete an application for a replacement card. You must be a United States citizen and already have a social security number, have never used a different social security number, and you must complete, with accurate information, an application form for a replacement card. After the application form is completed, your case manager will send the appropriate forms to the designated staff member at the facility in which you are housed and forward to the Social Security Administration Office for processing. Your social security card will be placed in your ID card file and will be sent to the appropriate facility for your release. You will be notified when the card arrives.

BIRTH CERTIFICATES

A certified copy of your birth is required in order for you to obtain a North Dakota government photo identification card.

Staff will help you fill out an application form to purchase a certified copy of birth. The fee for the certified copy of birth will initially be paid from a state account which you will reimburse as you receive money in your personal account. Your certified copy of birth will be placed in your ID card file, and you will receive notice from administrative services staff when it arrives. If you are at NDSP and have your certified copy of birth in your ID card file, you can be scheduled to have a North Dakota government photo identification card made by the Department of Transportation staff.

NORTH DAKOTA GOVERNMENT PHOTO IDENTIFICATION CARD

1. Required forms of identification to be legally employed in North Dakota include a government photo identification card and a social security card. Valid government photo identification cards are needed in order to open savings and checking accounts, apply for employment, rent housing, and travel.
2. If you have your certified copy of birth in your ID card file and you are housed at the NDSP, contact your case manager to have your name put on the list to have a card made. Department of Transportation staff will come to NDSP once a month to assist offenders with the application process and to take your photograph for the ID card. The fee for this card is \$8.00. This fee will initially be paid from a state account which you will reimburse from your personal account. After received, the card will be placed in your ID card file and you will receive notice.

DRIVER'S LICENSE RENEWAL

1. If you do not have a driver's license when you enter the institution, you should not expect to receive a license during your incarceration. It is your responsibility to

secure your driver's license after your release from a DOCR institution. Driver's licenses may only be renewed for North Dakota license holders. The DOCR does not transport for driver's license renewals or photo ID's. If your license has been suspended or revoked, it is up to you to contact the Driver's License Division and ask for details to have the suspension or revocation lifted.

2. The Driver's License Division of the North Dakota Department of Transportation will forward a renewal data card to the address on the previous license. It is your responsibility to change the address so that the renewal card can be forwarded to the institution. The Driver's License Division will then forward a data card, which will be placed in your legal file to be held until you are released. You will be notified when it has arrived at the institution. We are unable to provide a drivers license renewal to inmates with out of state driver's licenses.
3. North Dakota residents have one year from the expiration date of the license to renew it without re-taking the tests. If your driver's license expires while you are here, send a request slip to your case manager with your full name, date of birth, driver's license number, and a \$15.00 money transfer. An eye exam will be arranged for you, and the results will be sent along with the other required information to the Driver's License Division. The Driver's License Division must have a copy of your photo on record, or you will not be able to renew your license until after you are discharged from the facility, and are able to go to the licensing division in person.

VOCATIONAL REHABILITATION AND VETERANS ADMINISTRATION

1. Vocational rehabilitation may be available to those who are eligible for services. Any person with a physical or mental disability who might be made employable through provision of certain services may be eligible for vocational rehabilitation services. Age is not a factor; however, services must be a part of a plan that leads to employment as a goal.
2. If you believe vocational rehabilitation can assist you, you should report to the local office in your living area upon discharge to begin the process.
3. The Veterans Administration representative visits the institution on an as needed basis. If you feel you are entitled to benefits or have questions concerning such, send a request slip for veteran's services to your case manager.

JAIL AND TRANSITION PROGRAMS

1. The DOCR may utilize county jail beds in the State of North Dakota and prison beds outside the State of North Dakota to manage resources and aid inmates in transitioning to the community.
2. You may also request a transfer to a county jail. If you desire to transfer to a county jail, you may send a request slip to your case manager. All transfers are solely at the discretion of the DOCR.

PAROLE BOARD

PAROLE BOARD OVERVIEW AND PAROLE REVIEW ELIGIBILITY

The governor appoints North Dakota Parole Board's members. The Parole Board is an independent entity and has the sole authority in North Dakota for all parole related decisions. Parole is completely discretionary under North Dakota law; therefore, there is no right to parole release. All board decisions are final and are not subject to appeal. The Parole Board typically meets once a month. Information regarding the Parole Board can also be obtained at: <http://www.nd.gov/docr/adult/tps/board.html>

After arriving at a DOCR facility, the Parole Board and staff will perform an initial review of your case and determine if and when you are eligible for parole consideration. Inmates who are ineligible to have their sentences considered will be sent a notification stating the ineligibility and citing the applicable North Dakota law. All inmates who qualify for parole review will usually have a future parole review date set within 30-90 days of arrival:

1. If an inmate has three years or less to serve from the date they arrived at the DOCR, the clerk will set the parole review and inmates will be notified of their parole review at the initial classification hearing.
2. If an inmate has more than three years to serve from the date they arrived at the DOCR, the parole board will conduct an Initial Review within 60-90 days of arrival

- and set a future parole review date.
3. If additional judgments sentencing someone to additional time at the DOCR come forth, a parole review date may be reconsidered based upon the additional length of time to be served. If a parole review date is changed, the inmate will receive written notification of that change either from the board or the case manager.
 4. All Initial Reviews are done by file only. There will be no personal appearance by the inmate.
 5. The board may consider the recommendations of the DOCR case planning committee. The board is not bound by any DOCR recommendation.

If you are returning to the custody of the DOCR as a result of parole revocation, you may not receive further parole consideration if you have less than nine months remaining on your sentence.

Inmates serving sentences subject to N.D.C.C. Sections 12.1-32-02.1 (armed offenders) or N.D.C.C. 12.1-32-09.1 (violent offenders) will not have their sentences considered by the Parole Board until after the inmates have served the mandatory part of the sentence specified in these statutes.

Inmates sentenced to a minimum mandatory term of incarceration subject to N.D.C.C. 19-03.1-23, the Uniform Controlled Substances Act (illegal drug offenses), are eligible for parole consideration.

At some point prior to parole review or prior to a parole release date (usually about 120 days), your case manager will notify you and assist you in developing your parole plan. If you plan on residing with someone as part of your residence plan, you must obtain that person's permission to live with them before listing them on your parole plan. You must accurately list the proposed residence address, telephone number(s) and contact person. You must have a verified and approved residence plan before your release to parole. Your parole plan will be investigated and verified by a parole officer before your release to parole, if one is granted. Please refer to the Residence Planning Guideline that was provided to you during orientation or ask your case manager for a copy of the guideline.

If you are granted a review before the parole board, but elect not to be reviewed, you must explain on the parole plan form your reasons for declining the review.

Failure to follow the rules of the facilities, participate in programming recommendations, complete job assignments, and termination from transition facilities will adversely impact your chances for favorable parole consideration or the retention of previously granted parole dates.

PAROLE BOARD REVIEW

The Parole Board may conduct reviews of sentences in any manner it determines. Reviews are frequently done by file only (no inmate interview). Reviews are also done via personal interview, video conference interview or by phone interview.

If you are scheduled for a personal review , you will wait in the assigned area until the board is prepared to address you. When you appear before the Parole Board, you will state your case and respond to the board's questions. Your case manager will be present in the room with you when possible.

Upon completion of the interview, you will be asked to return to a waiting area or placed on hold. After deliberation, you may be returned to the parole board to hear their decision. If you are granted parole, the Parole Board will establish your parole date. DOCR staff will transcribe the order of the Parole Board and the conditions of parole established by the Parole Board.

The board may conduct your review by video conference. The video conference will follow a similar hearing process as outlined. If you are housed in a county jail or a contract facility and the Parole Board determines it will conduct an interview with you, it will conduct the review by video conference or phone.

The board will usually finalize the docket on the Wednesday preceding the board meeting. Those inmates not appearing on the personal interview portion of the docket will have action taken on their case by the board by file review.

The Parole Board's written decision will normally be distributed to each inmate whose sentence was considered within seven to ten working days after Parole Board has adjourned. Inmates who receive a parole date will receive a copy of the Order Granting Parole and the Parole Agreement along with a memo notifying them of the role board's action. If you have been granted a parole, you must sign the memo acknowledging receipt of the order and conditions and agree to the Parole Board's terms and conditions and return the memo to the person designated on the memo. Your failure to sign and return the memo in a timely manner will result in the suspension or rescission of your parole release.

If a parole date is granted, this becomes your actual release date. Any good time earned or lost between the time the parole board grants a parole date and the actual release to parole will affect the parole expiration date. A final parole expiration date will be set by Parole Board staff just prior to discharge. You may be eligible to earn good time at the rate of five days per month while on parole. You must continue to participate in any treatment recommendations by the DOCR staff, the sentencing court, other professional staff, or the parole board.

Inmates denied parole will receive an Order Denying Parole. The order will reflect whether you will serve the remainder of your sentence without further parole consideration, deferral to another parole review date (month and year) or condition you must satisfy in order to receive another parole review.

OUT-OF-STATE SUPERVISION

Out of state parole or probation supervision is regulated by the Interstate Compact for Adult Offender Supervision. If you want your parole or probation supervision transferred to another state, your application must be submitted to the Transitional Planning Office approximately 150 days prior to your parole release date or the expiration of your sentence. States will not start their investigation until 120 days before your anticipated release date. You will not be released to another state until the DOCR receives written approval from the other state that it has accepted your case for supervision. If the receiving state does not accept your case, your parole release may be reconsidered at the next Parole Board meeting where it may consider an alternate plan or take other action.

There is a \$150 Interstate Compact Application fee that must be paid at the time the DOCR determines your Interstate Compact Application is a viable course of action. This fee may only be paid by certified check or money order. The fee is used to pay for the return of violators who were on supervision in another state under the compact. This fee is nonrefundable once the DOCR actually submits the application to the receiving state. The DOCR reserves the right to decline filing of an Interstate Compact Application because there is no right to apply for interstate supervision.

CORRESPONDENCE TO THE PAROLE BOARD

All correspondence to the board should be sent to the parole clerk. It will be filed and made available for review by the board. Correspondence should be sent at least three weeks prior to the board meeting to allow ample time for filing and review by the board. Correspondence may be sent in the following manner.

1. Internal mail (kites, letters)
2. ND Parole Board
P.O. Box 1898
Bismarck, ND 58502-1898
3. Email: pbohn@nd.gov

VIOLATION ACTIONS

The grant of parole is conditioned upon your good conduct. If you violate any laws or rules of the DOCR, the Parole Board reserves the right to reconsider or rescind the grant of parole. According to N.D.C.C. Section 12-59-12, the Parole Board may reconsider its decision to grant parole at any time prior to parole release.

Upon parole release you are expected to abide by **all** conditions of parole. Failure to abide by those conditions may result in your arrest and return to prison for revocation by the board. Parole revocation can result in your serving **all** the time you would have served had you never been paroled plus the loss of good time. The board conducts all parole violations actions by file review. Violators will not have a personal appearance before the parole board.

PARDON ADVISORY BOARD

PARDON ADVISORY BOARD APPLICATION

1. The Pardon Advisory Board reviews eligible applicants at a time scheduled by the clerk of the Pardon Advisory Board. The Pardon Advisory Board meets twice a year during the months of April and November and at such other times as may be necessary.
2. Inmates who are not eligible to have their sentences reviewed by the Parole Board because they have a minimum mandatory sentence without the benefit of parole, a Truth-In-Sentencing (85%) judgment, a life sentence or a sentence without parole, may be eligible for review by the Pardon Advisory Board.
3. You must request an application form by sending a request to the Clerk, Pardon Advisory Board. You must fill out the application completely and provide any listed supporting documents. Applications must be received at least 90 days before a scheduled meeting. Incomplete applications will not receive consideration until such time as the application is complete. If you are eligible for Parole Board review you may not receive Pardon Advisory Board consideration at the discretion of the board. Prior to requesting consideration by the Pardon Advisory Board, you should have exhausted your rights in the courts, including any applicable post-conviction proceedings. DOCR prison staff may not assist you in applying for pardon board reviews or make recommendations to the pardon advisory board on behalf of inmates.
4. After applications for pardons have been screened and reviewed, the Pardon Advisory Board will forward its recommendations to the Governor of the state of North Dakota, who makes the final decision in each case.
5. Decisions on a case may include deferment to another Pardon Advisory Board, a grant of the requested relief, denial of requested relief, or any other action deemed appropriate by the Pardon Advisory Board or the Governor. If a request for a pardon is denied, the inmate may not reapply for reconsideration for a period of one year from the Pardon Advisory Board meeting, or a later date set by the Pardon Advisory Board.
6. The Pardon Advisory Board may in its discretion alter any guidelines or requirements.

DISCHARGE AND RELEASE ASSISTANCE

You are expected to plan for your release and save enough money during your incarceration to cover your expenses and basic needs during your transportation home. There may be instances where you may need assistance in the form of transportation or clothing. You should request this assistance from your case manager at least one month prior to your release date. If you qualify, assistance will be provided to you. If you need further clarification, please send a request slip to your case manager for assistance.

CLOTHING AND HOUSING

A ticket request may be considered if written documentation can be produced by you verifying a medical lay-in status or other disposition stating why you are unable to earn money for a bus fare. The DOCR may consider purchasing a bus ticket if you have proof you made a diligent effort to secure money for bus fare but, for very specific reason(s), you were unable to do so. All requests for bus fare must be made at least 30 days prior to your discharge date. All requests must be submitted to the case manager of your housing unit. The case manager will review the request for bus fare and make a recommendation to the unit manager assigned for final approval or disapproval of the request.
2. All discharges from the facility will be made from the captain's office at or about 8:00 a.m. on your release date. Early discharges may be considered. Early discharge requests must be filed with the chief of security or unit manager of your housing unit at least seven days prior to your discharge date.

PRESCRIPTION MEDICATION

Prior to discharge from a DOCR institution, you will be offered a discharge physical. You will receive a prescription for a 30 day supply of medication. The discharge physical may be waived. If you waive your discharge physical, you will not be provided any prescriptions at discharge. You may leave with the medication cards that were dispensed for a month. You may make an appointment to a local human service center to continue your prescription medication upon your discharge by sending a written request to your primary counselor.

SOCIAL SECURITY BENEFITS

You are not eligible for any Social Security benefits while you are in prison; however, you may be eligible to receive benefits after you are released. Your case manager can help you prepare for this as part of your re-entry planning. You are eligible to start the application process 120 days before your release.
